Education budget increase held to 4.3 percent

Expenditures held down as board struggles in face of falling grant support from the province

The Haliburton County Board of Education has adopted a 1984 budget of \$7,925,797, an increase of \$323,670, or 4.3 percent over 1983. The budget was approved last Tuesday night, following a closed door discussion of financial statements with the board's auditor, Dave Gray of Dawson, Gray Dart.

Included in the budget are anticipated increases in instructional, maintenance and transportation costs, but other proposed expenditures for repairs, renovations and equipment were cut when the first draft of the budget was reviewed by trustees on February 13.

Salaries for teachers, principals and other instructional staff account for some 55.1 percent of the budget, with \$2,746,500 allotted for the elementary panel and \$1,621,000 for secondary school salaries.

Other salaries, including administration, secretarial, clerical and caretakers, will cost an estimated \$704,600 in 1984, or 8.9 percent of the total budget.

Employee benefits will total \$282,600 this year, 3.57 percent of

the budget.

The budget for repairs and alterations has been set at \$66,610, while capital expenditures will account for a further \$68,439.

Transportation costs are the second biggest item in the board's budget, and these are expected to be \$981,400 this year, or 12.38 percent of the board's total anticipated expenditures.

Tuition fees paid to other boards for county students who attend schools in other jurisdictions are expected to be \$433,000 this year, 5.46 percent of overall expenditures.

Debt charges will account of \$219,430 in 1984, according to the budget, some 2.77 percent of total spending.

Other costs for supplies and services have been set at \$802,218, or 10.12 percent of the total budget.

Overall costs attributed to the elementary panel are expected to be \$4,719,503, while secondary education will account for \$3,206,294. Of the anticipated expenditures for

elementary education, \$224,049 are in excess of the grant ceilings proscribed in provincial regulations,

while Secondary education expenditures are expected to exceed the grant ceilings by \$105,125.

Provincial grants applicable to the elementary portion of county education spending are up only 1.7

percent this year, to \$2,018,931, while grants for secondary education will total \$1,245,892, an increase of 5.3 percent. Added together, the total provincial grant of \$3,264,823 represents an increase of 3.1 percent over 1983 provincial contributions to the Haliburton County board's budget.

Levies to municipalities will rise an average of 4.7 percent this year, but part of the increase will be met by a rise in overall assessment.

Education levies rise by an average of 4.7 %

Local municipalities will contribute an average of 4.7 percent more money to the Haliburton County Board of Education this year to meet the local portion of the board's \$7,925,797 budget for 1984. The increases may be matched by an expansion of the tax base and overall assessment within municipalities, however, so the education portion of property tax bills may not rise by the same percentage as the net levy.

Levies were confirmed by the board last Tuesday, when the 1984 budget was formally adopted.

Anson, Hindon and Minden's education levy has been set at \$884,239, a rise of 4.7 percent over last year's levy.

Bicroft Township pays the smallest levy, at \$71,335 for 1984, an increase of only 2.4 percent over the 1983 requisition.

Cardiff's levy for education in 1984 has been set at \$224,997, an increase of 4.7 percent over the 1983 bill.

Dysart et al's net levy is the

largest, at \$1,371,924, but the five percent increase this represents is not the biggest among the municipalities. Sherborne et al will see its levy to the board increase by six percent this year, to \$417,569.

Monmouth's share of the board's budget has been calculated at \$187,155, an increase of 5.5 percent over last year.

Glamorgan ratepayers will add \$281,486 to board coffers, some 4.3 percent more than last year.

Lutterworth's levy has been set at \$332,733, an increase of 4.7 percent from last year.

Ratepayers in Snowdon will pay 3.3 percent more for education purposes, with a total levy of \$147,664.

Stanhope's levy for 1984 is \$521,654, 3.5 percent higher than the 1983 figure.

The net requisition from municipalities totals \$4,442,756, with the province contributing \$3,264,823, and the balance of funds coming from other revenue sources.

The sweet smell of boiling maple sap is a Canadian tradition, and a welcome sign that spring is underway at last. This sugar shack at the Leslie Frost Natural Resources Centre near Dorset was a

busy place on Saturday as the centre held its annual Maple Syrup demonstration day, an event that always attracts a good many local residents.

Delegation policy reconfirmed

Trustees reject claim that public's rights are jeopardized

Local board of education trustees have reconfirmed a policy that directs individuals or delegations to approach the appropriate committee before bringing concerns or complaints to the board as a whole.

The policy, intended to simplify the process of dealing with public concerns, was adopted last October. It was criticized recently in a letter to the editor published in the Echo and signed by a local citizen, Paul Dillon. Board members were given a copy of the letter last Tuesday. Dillon maintained that the policy constituted "a serious erosion of the public's right to be informed and to directly participate in the decision making process" of the school system, because "committee business is transacted at the exclusion of the press."

Director of education Doug Hodgson brought the matter to the board's attention, and asked that trustees consider whether or not the policy should be changed.

Trustee Cheryl Murdoch, who headed the committee which drafted the policy, said it was "a way of speeding up the process". She noted that committees meet more often than the full board, and have expertise in particular aspects of the system.

"Nine times out of 10" problems can be resolved at the committee level, and then confirmed at a later

date by the board as a whole, Murdoch said.

Hodgson commented that the letter writer "has not understood the board's intent".

"It's my feeling that the board in the last year has been more open and more public than it has been in the past" the director said. Minutes of board meetings are distributed to the Echo and the Times of Minden, and also are made available to school principals and representatives of the teachers federations.

As for committee meetings, these are open to the public, except under

certain circumstances spelled out clearly in amendments to The Education Act. However, he said, "we've never made an effort to advertise when our committees are meeting."

Chairman Bonnie-Lee Berry said a comment she had made about the "awkwardness" of having large delegations attend board meetings, quoted in Dillon's letter, was a reference to the space limitations of the board room, not to any pressure trustees might feel from citizens.

Trustee Cheryl Murdoch said she

Drivers to be told of suspension

Move will stop suspended youngsters riding school buses

School bus drivers in Haliburton County will be told from now on when students are suspended from classes, and for how long, the board of education has decided.

The move came following a request from trustee Leroy Eager. Eager said drivers have been carrying students to and from school even though those students have been suspended from classes. Unless drivers are told when a student is under suspension, there is nothing to stop the individual from boarding a bus in the morning, spending the day in local stores and restaurants, and then riding the bus back home at the end of the day,

Eager noted. He said drivers would keep suspended youngsters off their buses if they were made aware of the disciplinary action.

Trustee David Villard of Dorset cautioned that a problem could arise if a driver refused to permit a youngster to board a bus even though the student had been readmitted to classes by his or her parents, as regulations require. But Eager said the problem could be prevented by taking steps to inform drivers when suspensions are terminated.

The board passed a motion stating that bus drivers are to be informed about suspensions, and their length, from now on.

New facilities planned for West Guilford

West Guilford's recreation centre committee will seek Wintario funding for an ambitious program of renovations and improvements to facilities in the community.

Committee vice president Carol Stamp says the group will ask for provincial assistance to carry out work costing an estimated \$89,034. It hopes to install a new roof on the community centre building, light the ball field, construct a single, lighted tennis court, renovate and install new equipment in the centre's kitchen, create a new room for children's activities, install a new furnace and supplementary heat in

other rooms, build an outdoor hockey rink, and place a new sign in front of the building.

Stamp says all the necessary estimates to apply for a Wintario grant have been gathered by the committee, but criteria for this year's grants have not yet been announced. Once the government outlines the type of projects that will qualify for Wintario assistance in 1984, the centre committee will submit its application. Confirmation of a grant is expected to come by September.

The committee initially intended only to ask for Wintario assistance

to put a new roof on the building, with other improvements to be carried out in subsequent years. But the application was expanded at the urging of Wintario representatives, since decisions on funding are based on the scope of projects and their potential benefit to the community as a whole.

The roof of the former school has been repaired several times in recent years, but it continues to leak, Stamp said. A wooden dance floor and acoustic ceiling tiles are being damaged, so repairs must be carried out this year, even if other

Please turn to Page 3

Police news

General Occurrences

Personnel at Minden Detachment of the Ontario Provincial Police investigated the following occurrences during the period March 26 to April 1, 1984: nine motor vehicle accidents with two minor injuries, and 44 general occurrences, including four damage complaints and three break and enter offences.

Break, Enter and Theft

On Thursday, March 29, shortly after 7:00 p.m., Royce Bain returned to his Dysart Township residence and discovered the house had been broken into. Keys to his 1977 Ford Pinto had been stolen as had the car itself.

A short time later, within a mile of the residence, the car was discovered rolled over in a ditch totally wrecked. It is not known whether the thief was injured in the wreck. The incident is currently being investigated by PC Al Bibby.

Accidents

In the past week, three deer have been killed by automobiles in the county. Two were killed on Hwy. 118 and one on County Rd. 1 near Gelert. Total vehicle damage was \$950.

On March 31, at 8:20 a.m., on Hwy. 121 near the Allsaw Bridge, a 1982 Toyota pick-up truck left the roadway and knocked down 23 guide posts. The driver, Eileen Hughes, 50, of Minden Township, was uninjured. The truck received \$4,000 damage. A charge of careless driving was laid.

On April 1, at 2:50 a.m., on the Peterson Rd. in Minden Township, Wade Woodward, 18, of Stanhope Township, skidded his 1977 Honda off the road onto a snow cone causing the car to roll over. Damage was estimated at \$1,500.

On March 31, at 1:50 a.m., on Hwy. 648 in Cardiff Township, Charles Woodcox, 25, of Harcourt, missed a curve in his 1973 Oldsmobile and drove onto a snow cone. The vehicle became airborne, flipped over and collided with a telephone pole. Woodcox received minor injuries. He was charged with careless driving.

Bicroft council

At a meeting of Bicroft Township council, March 22, the following matters were considered:

Disbursements Sheet 84-3 in the amount of \$20,731.59 was passed for payment.

Approval was given to Orlin Sleeper to sell his contract for garbage pick-up in Bicroft to Eric Brian Elliott of Northbrook, Ontario. It is understood that Elliott will carry out all the terms and conditions as set out in Sleeper's contract with the municipality to the termination of Sleeper's present contract. A new agreement and by-law is to be prepared to cover this transaction.

The ice rink will be moved from its present location to a suitable place at the recreation area adjacent to the workshop. This to be carried out by October, 1984.

Information requested by Tadar Computer Service and supported by AMCTO from assessment roll data denied. A recorded vote was requested. Yea: Dickinson, Easton, Fraser, Nay: Howe, Todd.

Dwight R. Binch, B.A., P.O. Box 128, Cardiff, Ont.

ario was retained to investigate a sales tax exemption according to his proposal.

The offer from J. Gedney of \$10 was accepted for the surplus calculator offered for sale by the Township.

Bicroft authorized Mosey & Mosey Insurance Agency Ltd. to proceed with their proposed study of employee benefits with the understanding that there will be no cost or obligation to Bicroft.

S.A. McColl will attend the spring seminar sponsored by the Ministry of Community & Social Services for Welfare Administrators scheduled at the PineStone Inn on Friday, April 27, 1984. Normal travel expenses will apply.

A recorded vote was requested. Yea: Three, Nay: two.

Bicroft declared the month of May 1984 as Family Unity Month.

The Township of Bicroft supported Anson, Hindon

Please turn to Page 12

Hot maple taffy was the order of the day last Saturday at the Leslie Frost Natural Resources Centre near Dorset. Here the sweet, thick syrup is being poured on fresh snow to make the treat, which was devoured eagerly by scores of visitors to the syrup making operation.

Income supplement payments to rise

Effective April 1984 the monthly GAINS levels have been increased to \$582.49 for single pensioners and \$554.99 per person for qualified married couples. On an annual basis, these guaranteed levels are \$6,989.88 and \$6,659.88.

The maximum GAINS levels are calculated as follows:

Old Age Security, single - \$266.28; married rate for each spouse - \$266.28. Guaranteed Income Supplement - single - 267.33; married rate for each spouse - \$206.11. GAINS - single \$48.88; married rate for each spouse -

THE ECHO

Minden council minutes

At the most recent meeting of Anson, Hindon and Minden council, the following matters were considered:

A discussion took place regarding the need for a backhoe and the method in which payment for such a machine would be made. Deputy-Reeve Ed Pergolas gave a detailed report outlining the accounting procedures of the Minden Water System and requested Council's permission to approach the utilities committee with respect to financing the purchase of a backhoe.

Four tenders were received for streetlights. Council accepted the tender of James Howe to supply streetlights complete for the amount of \$2,705. Pat Burk voted 'nay'.

A report was received from the chairman of the Neighbourhood Watch Program advising that signs were being provided by the Minden Kinsmen Club. A map was enclosed showing the various locations of where the signs would be posted. Council agreed to assist the group with the program.

Minutes of the Planning Advisory Committee's meeting held on March 14, 1984 were accepted as reported and a resolution will be forwarded to the Hon. Alan Pope expressing Council's concerns regarding the provincial policy which has been implemented to control the removal of aggregates and the restoration of gravel pits without involving local municipalities.

The following accounts were approved for payment: General, \$83,750.46; Water, \$14,243.16; and Sewer, \$3,098.20.

By-laws 84-10 and 84-11 were deferred until April 26 next pending notification of those property owners within 400 feet of the property in the application.

Councillor Stevens declared a conflict of interest as he is the owner of Beaverbrook Golf Course Ltd. The

reeve and clerk were authorized to endorse an agreement with Beaverbrook Golf Course Ltd. for the purpose of establishing and maintaining cross country ski trails across property in part of Lots 5 and 6, Concession A and part of Lot 1, Concession 3 in the Township of Minden.

Council's request for the 1984 installation of the Basic Accounting Package Sponsored by the MMAH was confirmed and the clerk and the head of Council were authorized to sign an acceptance of the proposal for such installation made by the municipal auditor at the estimated cost of \$1,300.

The following donations were approved for payment: Heart Fund, \$25; Easter Seal Campaign, \$25.

The clerk was authorized to attend the AMCTO conference in Toronto on April 26 and 27 and the provisions of policy No. 4 shall apply.

Following a committee-of-the-whole session, Council resolved to negotiate with the Minden Water Board utilities committee to arrange for a loan of sufficient size to purchase a tractor, loader with certain accessories for the use of all municipal departments, amount of the loan not to exceed \$55,000.00.

Cardiff council

A regular meeting of the council of the Corporation of the Township of Cardiff was held on March 2. All council members were present.

Members of staff in attendance were: Ronald Mumford, Chief Building Official and By-law Enforcement Officer; Thomas Elliott, Road Superintendent and Gayle Bates, AMCT, Clerk-Treasurer.

Also present were: Garf Hogan, William Davis, Mary Moody, Shirley Worth, Linda Wilson, Ken Andrews, George Thompson and David Pross of Bell Canada, Belleville Office; David Hogan, Leo Hogan, Cecil Hall, Walter Geesche and Allan Andrews.

No conflicts of interest were declared.

The following were appointed as fire permit issuers for the 1984 fire season: Edna Hutton, R.R. #3, Bancroft; Samuel Bowers, Highland Grove; Roberta Walsh, Wilberforce.

A By-law to restrict and regulate the destruction of trees by cutting, burning and other means was passed.

A by-law to repeal Corporation of the Township of Cardiff By-law No. 29/83 was passed.

A by-law to authorize the sale of municipal lands as in Tax Registration File No. 70-12 was passed.

Council approved the purchase of two 1000 gallon tanks and two pumps from R.M. Hawley for \$1,000.

The clerk will invite tenders for the supply and delivery of diesel fuel and gasoline, based on amounts used in 1983.

Council adjourned to a meeting of the committee of the whole.

Council resumed regular session.

Linda M. Wilson was hired on a three month probation period commencing March 19, 1984 as a clerical assistant with promotion after that period to deputy clerk.

Bi-weekly time sheets were approved by council and the Road Superintendent was instructed to begin using same as of March 8, 1984; and further, a bi-weekly

Board urged to be open on candidates for director

A short list of five candidates for the job of director of education in Haliburton County has been prepared, and final interviews for the job will take place April 25, the board of education has been told.

Trustee Len Salvatori, chairman of the selection committee, said the short list was established at a meeting March 19, following initial consideration of more than 30 applicants for the job.

"We all agreed who the people were" on the short list, Salvatori told the board last Tuesday.

Former HHSS principal and provincial education official Norman

Sisco assisted the board in the initial selection process, Salvatori said, and Sisco will continue to act in an advisory capacity during the final selection process.

Information on the five applicants, as well as a complete job description of the position, will be mailed to trustees prior to the date for final interviews.

Salvatori said the April 25 meeting is open to all trustees, and he urged them to participate, noting that the selection of a director of education to replace Doug Hodgson, who retires in June, "is one of the most important decisions that the board has to make."

Trustees should take time to consider "what the board should be, what the board should believe in" Salvatori said. He also stressed that trustees should keep "an open mind" on the day of the selection meeting, and make a decision based on the things they hear during final interviews.

A new director is "probably going to change the system" Salvatori said, adding that trustees have to ask themselves if they "want things to be different" or stay the same.

Salvatori emphasized that in the committee's opinion any of the five men on the short list (no women applied) could do the job. If an agreement on salary cannot be reached with the person the board selects, one of the remaining four people could be offered the job, Salvatori indicated.

The new director is expected to begin work before the end of the school year.

Seatbelt stand not last word

The Haliburton County Board of Education intends to ensure that seatbelts are installed in van style school buses, but no decision has yet been made to have them installed larger buses.

The board reconfirmed its position on seatbelts for buses last Tuesday, in response to a letter from Bob Heyes of Haliburton, who asked the board to reconsider its earlier statement that it would not order operators to install lap belts on larger vehicles.

Trustee David Villard of Dorset, who headed a committee that examined the question last fall, said an effort would be made to ensure that belts are installed in vans.

As for large buses, the board decided it will keep an open mind, but will not move to have belts installed at present.

Elvin Johnson of Stanhope Township, centre, was one of many people who enjoyed a chance to look over a maple syrup operation at the Leslie Frost

Natural Resources Centre last Saturday. It was a perfect day for the event, which proved popular with scores of visitors to the Centre.

Budget among items on board's agenda

The Haliburton County Board of Education held their regular monthly meeting last Tuesday night in Haliburton, and considered the following matters:

Present were: Bonnie-Lee Berry, chairman of the Board, Ross Anderson, Lynn Craigmyle, Kelly Crick, LeRoy Eager, Julie Hunter, Linda Mumford, Cheryl Murdoch, Leonard Salvatori, Brian Sisson, Nancy Stinson, George Simmons, David Villard, Paul Wilson, director of Education J. Douglas Hodgson, and business administrator Stanley Baker. Also present were: David Gray, Dawson Gray Dart Chartered Accountants, Mr. and Mrs. John Slavik, Leonard Pizzey, Haliburton County Echo, and Michael Shirley, The Times, Minden. Absent was: Mrs. Dorothy Kinsman.

The chairman opened the meeting by reading a letter from Mr. and Mrs. John Slavik outlining their intentions to start a Group Home in the West Guilford area. John Slavik made a statement and answered Trustees' questions.

It was resolved that the Haliburton County Board of Education has no objection to Mr. and Mrs. John Slavik establishing a group home.

The Board then went into Committee-of-the-Whole to discuss Budget, Legislative Grants and Levy to the Municipalities.

When the regular meeting resumed, the Financial Statements of the Haliburton County Board of Education for 1983 as presented by David Gray of Dawson, Gray, Dart were approved.

The 1984 Budget for the Haliburton County Board of Education, in the amount of \$7,925,797, was approved.

The requirement of \$4,442,756, from the Municipalities of Haliburton County for 1984 as per the attached schedule, was approved.

Cheryl Murdoch reported on salary negotiations. She said that as of now, other than preliminary meetings, there has been no negotiating. The following meetings have been scheduled: CUPE - May 8; Elementary School teachers - April 26; Secondary School teachers - May 1.

Ross Anderson reported on CEDSS. He stated that the internal report had been submitted to the Ministry of Education.

Bonnie-Lee Berry reported on the Children's Services Advisory Committee. She wanted the Board members to know that the committee will be attempting to get their agreement with the Ministry of Community and Social Services extended from one to three years.

A letter which appeared in the Haliburton County Echo from Paul Dillon was discussed.

The Board reviewed its policy, which states that the Haliburton County Board of Education will direct any person, or delegations of people approaching the Board, first to the appropriate committee where the matter will be dealt with, at this level. If the person or delegation of people are not satisfied, then they may apply in writing to the Board to be heard at a General Meeting. After the person or delegation of people have stated their case, the Board will make their decision on the matter, after a discussion at a later time during the general meeting, or if more facts are needed, at a later date. The person or delegation of people will be notified of the outcome in writing, as soon as the matter is settled.

This policy statement was published in the October, 1984 minutes in the form of a motion and was also printed in the Haliburton County newspapers. It was felt by the members of the Board that the policy in now way limited the public from access to committee meetings. From experience, Board members have found that preliminary meetings of delegates with the relevant committee will often solve the difficulty. At no time has any Board member or officer stated that the public are excluded from committee

Please turn to Page 7

Policy will stay

from page 1

felt the policy was acceptable as it had been agreed upon in October.

"I can't see that there's anything wrong with the motion as it stands" she said.

The board decided to reconfirm the policy, which states that the board "will direct any person, or delegation of people approaching the board, first to the appropriate committee where the matter will be dealt with at this level. If the person or delegation of people are not satisfied, then they may apply in writing to the board to be heard at a general meeting. After the person or delegation of people have stated their case, the board will make their decision on the matter, after a discussion at a later time during the meeting, or if more facts are needed, at a later date. The person or delegation of people will be notified of the outcome in writing as soon as the matter is settled."

Guilford has plans

from page 1

projects cannot be completed, she noted.

Estimated cost of installing a new roof is \$26,000.

The local share of the total project included in the Wintario application is \$31,161.90, but much of that money has been raised already through various activities at the centre, and through promises of donated labour and material. Local service clubs also will be asked to assist with the project, Stamp said.

If the proposed project meets criteria for Wintario funding, some of the work could begin this summer. But the bulk of the project would be carried out after September 1, when funding is confirmed.

Salary talks set to begin

Members of the Haliburton County Board of Education's salary committee are gearing up for negotiations with teachers and unionized workers. At a meeting last Tuesday, committee chairman Cheryl Murdoch said initial bargaining sessions will begin April 26, when the committee sits down with representatives of the elementary school teachers. On May 1, secondary school teachers' representatives will begin negotiations with the board, and on May 8, Canadian Union of Public Employees members and the salary committee begin talks.

Guidelines for negotiations were established by the board during a closed door session last Tuesday night, prior to approval of the 1984 budget.

GRASS CUTTING AND TRIMMING

TENDERS ARE INVITED FOR MINDEN AREA'S 5 DISTRIBUTION STATIONS 1 TRANSFORMER STATION

Interested parties are invited to submit on Ontario Hydro Forms "Invitation to Tender" their contract price for grass cutting and trimming at Distribution Stations and Transformer Station located in the Minden Operating Area.

Contractor will be responsible to supply his own material, equipment and transportation.

Work will consist of:

- (1) Cut and trim 4 Distribution Stations approximately 16 times.
- (2) Cut and trim 1 Distribution Station 2 times. (once in spring, once in fall)
- (3) Cut and trim 1 Transformer Station approximately 16 times.

Work to commence on or about May 7, 1984.

Tenders to be submitted by 4:00 p.m. April 18, 1984.

Tendering documents will be available April 4, 1984.

One tour of areas will be conducted on April 13, 1984 at 9:00 a.m.

A challenge

Nestled beneath a canopy of mixed hardwood forest near the north end of Kushog Lake is one of the best kept secrets in Haliburton County. In small, cramped buildings of rough cut lumber, lit by streaks of sunlight and a scattering of electric bulbs, stand racks of canoes, kayaks and other water craft which together constitute the finest collection of such craft in the world. Relatively little known (a recent large and expensive book on canoes fails to mention it), the Kanawa canoe museum represents an irreplaceable treasure, the historical and educational value of which has barely been tapped.

For the past two years or so, interest in the collection has been stirring not only among local people who know of its importance, but among academics and government officials as well. To date, this interest has produced much paper, including a consulting study that recommended moving the collection to Peterborough, but not much action.

The time now seems right for local people to take steps not only to keep the collection here, but to ensure that it is properly displayed. A county-wide historical society is seen as a first step in the right direction, but it is important for everyone involved to recognize that the task will neither be easy nor soon accomplished.

Firstly, the collection is private, not public property. While its value is hard to calculate, it could easily be many hundreds of thousands of dollars. Such an expenditure would be well beyond the scope of any local body. Secondly, the cost of providing a new facility in which to display the collection adequately could be several million dollars. It must be recognized that the aim is not only to make the collection more visible but to preserve it for the future. That means a staff of experts, careful control of atmospheric conditions inside the building, adequate fire protection, security measures, workshops, and other amenities that are not inexpensive to provide.

Thirdly, there is the challenge of providing continuity. It is one thing to 'save the collection'. It is quite another to establish a means of administering and funding it for the future.

To approach this substantial project with blind enthusiasm but no recognition of the enormous scope of the challenge, would be to court bitter disappointment. The Kanawa collection is not an assembly of pioneer tools, clothing, documents and old photographs such as most museums in small communities house. Its importance transcends county, provincial, and even national borders. Local people can play an important role in the future of the Kanawa collection, but only if they recognize from the outset that any project they may undertake will be a long, complicated process requiring years of effort and large sums of money.

Good luck

West Guilford's recreation centre committee is getting ready to undertake a substantial program of renovations and improvements to the facilities under their jurisdiction. Plans call for the installation of a new roof on the community centre, a new furnace, lights for the baseball field, a lighted tennis court, an outdoor hockey rink, and changes to the interior of the former school building. Completion of the work is dependant on a Wintario grant from the provincial culture and recreation ministry, but already, according to a committee representative, offers of free labour and materials have been coming in. If enthusiasm remains high and provincial authorities deem the project worthy of funds, recreation facilities in West Guilford will be much improved in the next few months.

Scene along the Old Donald Road Photo by Len Pizzev

Letters to the Editor

Editor's Note: The following is a copy of a letter sent to the Toronto Star.

Dear Roy McGregor:

In your Haliburton article of March 19 you wrote about some people who certainly have had a great deal of trouble and about a welfare system which has flaws but you did not give a fair picture of this county or its people.

It is unfortunate but understandable that busy County Officials did not recognize that these men were so mentally disturbed. It is more surprising in this county that they eluded help from the caring folks around them.

The Haliburton County Home Support Services is a County-wide organization of capable volunteers whose prime concern is helping Senior Citizens but who are alert to trouble anywhere and able to find the person, agency or professional who can look after the situation.

There is an information referral service in Haliburton village where well trained and well versed volunteers steer anyone who calls to the source of help.

There is excellent medical attention throughout the County. There is a hospital with 24 hour emergency service. A doctor is on call at all times and phones are not answered by "mechanical devices". Dialing "O" with minimum of information will bring an ambulance anywhere in the County.

Washing dishes and scrubbing floors at the posh PineStone Inn is a disgusting statement which you made. PineStone Inn is an excellent establishment enjoyed by the community and tourists alike. It provides good jobs for many people. A closer-to-the-truth statement of that man's work would be loading a modern dishwasher and vacuuming.

You mention "Slave labour camps" and "Deep South movie plots... with revenge to workers". Work in these forests is a time-honoured tradition. Even some years ago when it was more difficult and dangerous it was not considered slave labour. It was and still is honest, hard, skillful work.

You tell of "poverty-stricken places", "poor area", "poverty pockets". I wonder where you were looking or what your definition of poverty is. There are few industries, there isn't much money around, there is unemployment yet, except for the men you wrote about, the needs of all are being met. Children and old folks are probably better

cared for here than in most communities.

I hope you helped the men you wrote about. You have hurt and angered the people of this county.

Eagle Lake, Ontario

To the Editor:

For the past two years, I have been researching a book detailing the experiences of Canadians who served or worked in Southeast Asia during the Vietnam Era.

To date, I have confirmed several hundred Canadians who served with U.S., Australian and New Zealand Armed Forces in Vietnam as well as Canadian troops who served with the series of International Controls Commissions between 1954-73, Canadian journalists, doctors, nurses and others whose duties ranged from covert operations to rescuing orphans.

I am appealing to your readers, who may have served or know someone who did, to contact:

Doug Clark,
7 Douglas Crescent,
Fergus, Ontario
N1M 1C1
519-843-4019

Thanking you in advance for your assistance, I remain,

Yours truly,
Doug Clark
Fergus, Ontario

To the Editor:

I wanted to take this opportunity to thank all the "friends of CFMX" in the Haliburton area who supported the Fine Arts programming through the difficult times. Under stable management the station is now flourishing, and the 117,000 watt signal (the most powerful in the province) now offers very attractive programming for Jazz and Classical music lovers.

In conversation with friends it has come to my attention that many people do not feel they can receive many FM stations in the area. I live near Haliburton, and consistently receive 50-100 stations on the FM band. The key is in considering an outdoor antenna.

FM radio waves travel much the same way as does a TV signal, in fact, it's frequency is within the parameters of Channel 6. By connecting the "external antenna" connections on the rear of

Creighton Feir

The Toronto Sun of March 18, 1984 carried a very interesting story that I am sure will be of interest to many of our readers. It's the heart warming story of two sisters, Gail and Brenda Rowbottom, daughters of Mr. and Mrs. Don Rowbottom, formerly of Wilberforce but who now reside in Toronto. One of the sisters, Brenda Rowbottom, who is 29 years of age, was the 300th kidney transplant recipient at St. Michael's Hospital in Toronto. She received a healthy kidney from her sister Gail on March 12, becoming something of a celebrity at St. Mike's. The story in the Toronto Sunday Sun went on to say that all Brenda could think about at the time was that when she would go home her mother had promised to make her favourite dishes, which included spaghetti and chili. These are two things that she had to do without since she was put on dialysis in December. Both Mississauga women, who are single and live with their parents on Derry Road, are recovering well. Brenda's four siblings were tested for a potential donor and Gail was the best match. Brenda was 12 when doctors first detected kidney disease. When she was forced to take three, four hour dialysis treatments a week in December, a transplant became her only hope. "We have a very close, loving family and we care a lot about each other," said Brenda. Barring any complications both sisters were to be released last week. In this day and age we often hear of so many sad stories and it's really refreshing to hear a story of these two sisters with such a happy ending. Yes, believe it or not, good things are still happening in this world today.

The Rotary Club of Haliburton have announced that Steak and Lobster Night has been set for Saturday, April 28 at Wig-A-Mog Inn.

The Rotary Club of Haliburton have announced that they are still short of reaching their goal of \$2800, the objective that has been set out for them in this year's Easter Seal Campaign. If you are one of those who have neglected to send in your donation please sit down tonight and mail it in the pink envelope that you received in the mail. Your donation will make some crippled or disabled child very happy.

The Rails' End Gallery in Haliburton presents Painting and Prints by Sheila Maki March 31 - April 28, and Seven Haliburton County Artists from April 4 - 28. This will give people the opportunity of having the entire month of April to view the work of Sheila Maki and the Seven Haliburton County Artists.

Three Rotarians from the Haliburton club, namely Al Bagg, Ken Langdon and Vince Connaughan, along with their wives, returned home recently following a two week visit to Peru. At the regular weekly Rotary meeting held on Thursday, March 15 they gave an enlightening and humorous account of their trip. They said it was 110 degrees in Lima so they must have noticed quite a difference when they landed home to our good old fashioned winter which was still in progress.

It's coming to that time of the year once again when the average hockey fan turns into a hockey nut and when rabid fans turn into hockey fanatics. Yes, it will soon be Stanley Cup play-off time once again. It's that time of the year when 16 teams out of the 21 teams who play all winter long in the regular schedule of the National Hockey League start to battle it out for a period of two months in an effort to declare a winner for the Stanley Cup. This is also the time of the year when all hockey fans make sure their televisions are in A-1 condition.

According to the Haliburton County Snowmobile Association newsletter which was released in early February the Association membership last year was approximately 800 sleds while this year they are nearing 1200 sled memberships. This is good news to the organizers and it means that more and more people are getting the message of the user-pays program. Tom Prentice, writing in this same newsletter, states that they won't be content until everyone who is travelling on the network of trails has paid for the honour of doing so. The Snowmobile Association claim that this method of collecting memberships must and will go on as it is the only way they can receive money to carry on with their work. They are asking the question "Do you think a person straddling a \$4000 snowmobile has the right to refuse to pay such a minor sum to ride your trails?" Beginning next winter and while their is still snowmobiling this year the Association will be pushing trail patrol.

Congratulations to Rotary Club member Derry Wilford for being made a Paul Harris Fellow by the Napanee Rotary Club. Derry, who is with the Bank of Montreal, now resides in Haliburton.

Although the Haliburton Atoms went down to defeat in three straight games to Ennismore the local boys had nothing to be ashamed of. They were standouts all season long but in the final analysis they were up against a much better and polished team from Ennismore. The local boys are to be congratulated on having such a great season and supplying the local fans with plenty of good clean and fast hockey action.

Pic of the Past

Lumbermen in 1929

Our Pic of the Past this week features four Haliburton men who were employed by the W.R. Curry Lumber Co. The photo, which was taken in the winter of 1929, shows the men

taking a break in a tin building which was located at Laking's Mill near the site of the present Haliburton Machine and Manufacturing building. From the left, Henry Abrams, Bill Ward, Charlie Titus, Roy Howe. Cordwood was being transported by team and sleigh from Forty Acre Lake near Outlet Bay to Haliburton and then piled into box cars and shipped to Donald where the cordwood was used by the Standard Chemical Co. Thanks to Roy Howe of Haliburton for giving us permission to use this photo.

From the Chamber

"It's Neat to Pitch In". That is the slogan for Ontario's 1984 Pitch-In Campaign to be held May 7 - 13.

Keeping Ontario beautiful is a responsibility that we all share. The annual Pitch-In campaign is designed to encourage Ontarians both young and old, to voluntarily clean up the unsightly litter that frequently accumulates during the winter months.

Pitch-In '84 is sponsored by the Ontario Federation of Anglers and Hunters and is endorsed and supported by the Ontario Ministry of the Environment.

Saturday, May 12 will be designated as "Pitch In Day" and any school which wishes to participate in the campaign by organizing special environmental projects has the enthusiastic support of the Ministry of Education.

If you are planning to Pitch In and help Haliburton County spring clean, we would like to hear from you (286-1760). Together we can meet the challenge to keep Haliburton County beautiful.

Plan to attend the Rails' End Gallery exhibition of arts and crafts opening on April 4. This show will run until April 28 and will feature seven area artists. There will be a show by painter and photographer Sheila Maki.

The Agnes Jamieson Gallery in Minden will be opening their show on April 5. They will feature five artists from the Bobcaygeon area. Both shows sound very interesting.

Minden Curling Club will be "Sweeping Their Way Into Spring" on April 7.

West Shore Glass, a new member in Haliburton Village has a showroom unique to this area. They feature a fine display of mirror and room design in glass and mirror. Each display unit is built as a separate room, so you get an idea of the total

effect of building with glass. Drop in and see them, I think you will find the store very interesting. Prices are right too.

Heather Lodge is located next to Wedgewood Marina, Highway 35 on 12 Mile Lake and is owned and operated by Robert Cairns. The main lounge and dining room has a stone fireplace and seats 40 people. They also have a sun deck overlooking two lakes. Renovations are still in progress but they do have a limited number of rooms available for this summer. Bob and Heather are very pleasant hosts, and I'm sure they will be a welcome addition to the hospitality industry in Haliburton County.

Ryte Data is a mail order information service located in Haliburton. The service is owned and operated by Bruce Ryan. Bruce runs the mail service from his home, lot 19, concession 4, R.R. #2, Haliburton. The mail order business is relatively new to this area. Maybe that's why so many people are phoning to enquire, "What is Ryte Data all about?" Bruce will be happy to answer any questions if you call him at 457-2774.

Post Cards - You may order post cards from the Haliburton Highlands Chamber of Commerce at a very reasonable price. You supply a good quality photograph of the scene you wish printed and we will have the printing done for you. The picture should be a scene from Haliburton County.

For more information you may enquire at the Chamber office, 286-1760.

Bags - We still have a supply of the coming events shopping bags available at \$46.50 per 1000 or \$5 per 100. Order yours while the supply lasts.

Our next board meeting will be held in Monmouth Township on April 26 at 7:30 p.m. We would ask all our members in that area to attend and bring a friend.

August, he stated, "It has been my contention that the closer to home a decision is made, the more likely it is to be correct and just."

Now, the Minister and the government are imposing a 'made in Toronto solution' on a small rural government. Yet it was only last April when in commenting on the government's involvement in the Brantford-Brant boundary dispute, Mr. Bennett said, "the approach used in the Brantford-Brant Annexation Act will not be repeated elsewhere because disputes will now be dealt with under the newly proclaimed Municipal Boundary Negotiations Act".

It is no wonder that residents in Vespra feel betrayed by the misrepresentation of the government.

My colleagues and I, along with many municipalities, are calling on the government to withdraw this Bill and allow this matter to be resolved fairly under the Municipal Boundary Negotiations Act.

Clearly what is at stake here is local autonomy and the rights of rural government to be treated as fairly as any large city. As Chairman of our Rural Task Force, I am very concerned as to this action by government and the precedent it sets to the disadvantage of rural Ontario.

Report from Parliament

By Bill Scott M.P.

In September of last year, I sent out a questionnaire to each of you. One of the questions was, "Do you think postal service has improved since the Post Office became a crown corporation?" Your responses were an overwhelming No! (77.8%), as you saw in my Report from Parliament last December. To my knowledge service has still not improved.

Recently, Canada Post Corporation issued its 1982-83 Annual Report. It covered the 5 1/2 month period from incorporation to March 31, 1982, as well as the full 1982-83 fiscal year. It shows as follows:

Corporation Facts: 1982-83

Incorporated - October 16, 1981
Number of Employees - 62,000
Number of retail outlets - 8,200 in 6,000 communities
Delivers to - 8 million homes & businesses
Volumes - 1st Class - 3,634 millions; 2nd Class - 522 millions; 3rd Class - 2,132 millions; 4th Class - 50 millions; Other 80 millions; Total 6,418 millions.
Revenues - \$2.3 billion
Wages & Benefits - \$1.9 billion
Government funded loss - \$262 million
Fixed assets - \$1.54 billion
Equity of Canada - \$1.6 billion
Working Capital - \$109.7 million.

The press release issued with the report boasts that the Corporation only lost \$262 million in the first full fiscal year. It claims that to be a 57% or \$346 million dollar reduction from the government funding in 1981-82. Just how did it do that? One of its biggest new sources of income was achieved by the increase of postal rates. Any corporation which is allowed to raise its prices by almost 90% should now be showing a profit.

A second way they have cut their losses is by what they call an expansion of service. Do not get confused by this term. Few new housing developments or rural residents received new service. What they mean by extension of service is extending Canada Post's operation into the private sector business market. Priority Post was created. It now serves 24 cities across Canada in direct competition with privately owned companies. Rather than trying to cut expenditures, Canada Post has chosen to intrude into the courier business and compete with the taxpayer using his or her own money to do so. Of course by their definition of a letter Canada Post first tried to cut out courier services. When it found that couriers could still make a profit even with the new definition they decided to join them and fight them as a competitor.

The latest money making venture of Canada Post is to go into partnership with a catalogue shopping company. They now will be sharing in the profits of one particular retail company. They are providing office space for them in each post office and acting as a catalogue shopping outlet. They will then get the business of delivering all the packages. This move concerns me deeply. I feel, as does the Canadian Retail Hardware Association, that this gives one company an unfair advantage which may upset the competitive balance. This is strictly a money grabbing effort of the Corporation at the expense of every other retail outlet in Canada. There is no need for the Canada Post to provide such a service and indeed there is no rationale for it to enter this area of free enterprise.

More letters to the Editor

from page 4

your FM radio to TV wire, and then connecting the wire to your TV antenna system, "bingo", instant stations you hadn't heard before. Actually, the best way is to invest in a small "splitter", about two inches square, it divides the signal from your antenna between the television set and your FM radio. It is available at any Radio Shack, for example, and costs less than five dollars. The best FM antenna (to supplement your existing TV antenna) costs perhaps \$40.00, not a great deal to pay for considerable enjoyment. FM signals, like TV, are directional, so if you have a rotor (for that matter, many of us in this area have TV boosters which boost FM signals as well) just point to the area of your choice.

FM radio is a marvellous alternative to television and many of us have it in our homes today. Personally, I want to thank those of you who have written the station re. the Jazz programming. While CFMX is now a stable feature on dial at 103.1, consistent listener support is necessary. Like many others, you can

get in touch, and keep in touch by writing, CFMX FM, Box 1031, Port Hope, Ontario, L1A 4B5.

Sincerely,
Brian Turner
Haliburton, Ontario

To The Editor:

Re: Welfare or Workfare, The Fifth Estate

After the recent, incredible, name calling and unfair criticism this county has been subjected to by the Toronto Star and CBC Television, it would not be surprising if Haliburtonians hesitated, just a little, before giving continuous support to all the "successful individuals", as the journalists call them, who become a burden on taxpayers as soon as they move up here.

The residents of the so-called "Insanity Belt" are perhaps less "successful", but self-supporting and under no obligation whatsoever to patronize businesses and individuals who insult the area, while reaping considerable benefits from it.

Yours truly,
L. Dobrzensky
Haliburton

Federation of Ontario Naturalists

By ARLIN HACKMAN

You may have noticed that the weather section of your local newspaper has a new look these days. Weathermen are now providing residents of eastern Canada with an acid rain forecast.

Aimed at raising public awareness of the acid rain problem, the Acid Rain Bulletins prepared by Environment Canada present quantitative information on the acidity of rainfall events across eastern Canada. Together with a qualitative scale which has been developed to make pH readings understandable to the lay public, the service also

provides information on the intimate connection between the long-range transport of acid material and meteorological or weather patterns. For instance, it will be possible for individuals to gain a greater appreciation of why certain storms may be more acidic than others (due to their origin) or why some locations in Ontario receive more acid rain than others.

The Acid Rain Bulletin was developed on the basis of a similare index introduced by the State of Maine and utilizes data supplied by the Environ-

Please turn to Page 8

Queen's Park Report

A number of municipalities in this riding have written to me to the effect that local economy for Ontario municipalities has been dealt another blow by our Ontario government.

In the Barrie-Vespra dispute, the Ontario government has brought forward legislation that will allow the annexation of about 2,000 acres of Vespra Township to the City of Barrie. This is far in excess of the amount designated by the Ontario Municipal Board.

Mr. Bennett, in introducing the legislation last December stated that he "Could not sanction yet another round of OMB hearings. Further, I take the view that there is no prospect of negotiating a solution".

For some reason, the Minister has chosen to ignore the Municipal Boundary Negotiations Act. This Act was designed to facilitate the negotiation and resolution of boundary and boundary-related issues, so that local politicians could make the decisions based on negotiations similar to union contract talks and outside of the judicial process or the OMB.

The principle behind this Bill was one that Mr. Bennett himself endorsed when in his speech to the Association of Municipalities of Ontario last

Sports

Tara Davies takes aim on a badminton bird while Wendy Ballantyne is poised to handle the return. The two members of the HHSS badminton team which won the preliminary tournament last week, and will

take part in elimination tournaments in Peterborough and Lakefield. Badminton is a popular sport at HHSS, and local players traditionally do well against larger schools.

Senior curlers end season

By GLADYS REID
The Seniors Curling Club of Haliburton finished off its season last Thursday with curling, dining and dancing. After a fun session on the ice where roles reversed and leads took over the boss jobs, skips got a workout with a chance to demonstrate skill and endurance with a broom. Once off the ice the serious business of presenting the prizes took place. Jim Grant skip, Nick Nimigon vice, Harold Kirkpatrick second, and Sam McNichol lead were winners of the first draw and the rink skipped by Ed Picard, with Nick Nimigon vice, Florence Webb second and Mike

Hawman lead were the winners of the second draw. In any competition there are always winners and those who don't win. The word losers is a no-no in the club, so after the main presentations those who didn't finish on top received a jar of freshly made maple syrup supplied by an anonymous donor. (Thanks Nick and Gloria.) The decision to present thick juicy beef steaks as prizes was a good one, as a matter of fact a brilliant idea for how often does man's best friend get to share a curling trophy? Tom Stinson received a gift from the members, a

photo album with pictures of the "Tom Stinson Spiel" and other snapshots of club members. The new executive was sworn in and Jim Holmes, the out-going president, was presented with a gift as a memento of his term in office. Bruce Armstrong, on behalf of the new executive, made the presentation to Jim Holmes, and a promise by Bruce to work hard for the club drew an enthusiastic response from the members. Once more the Dixie Lee came through with flying colours. The food was hot,

the salads delicious and was ready on time for the hungry crowd. Homemade pies finished off the meal and once again Peggy Bassett and Doris Grant did an excellent job of organizing the dinner. Bud vases with a single red rose were presented to the ladies for five years volunteer work. They will be succeeded by Jean Fleming and Barbara Nicholls. The sincere thanks of the whole club go to Peggy and Doris for a job well done. Ed Picard with his accordion and Billy playing the

HHSS badminton team wins, many players go undefeated

Haliburton high school's badminton teams proved that enthusiasm for the game can bring victory last week when they defeated three other schools in a preliminary tournament leading up to an elimination series. Nine out of the 20 Haliburton teams entered in the HHSS tournament went undefeated, helping HHSS to rack up 169 points, well

ahead of second place Lindsay Collegiate, who took second place with 73 points. Bancroft high school and I.E. Weldon tied for third place in the four school tournament, with 69 points each. Undefeated players for Haliburton were: Michelle Harrison in junior ladies singles; Barry Scully in junior mens singles; Gary Van-

derstarren in senior men's singles; Trevor Powers and Melissa Creelman in mixed doubles; Chris Lodenquai and Tran Larue in junior men's doubles; Ian Cooper and Dennis McKee, also in junior men's doubles; Rob MacLeod and Andrew Shapira in senior men's doubles; Sue Vuksic and Kim Elias in junior ladies doubles; and Marion Medcalf and

Kim Mumford, also in junior ladies doubles. The senior team from HHSS will compete in Lakefield this Wednesday in an elimination tournament. On Thursday, the junior squad travels to Kenner Collegiate in Peterborough for elimination competition. The top four schools in each tournament will go on to further levels of competition.

Recreation centre has plans

By CAROL STAMP
The general meeting of the West Guilford Recreation Centre Committee was held March 22, with twelve members present. The minutes from the February meeting were read by Wendy Armstrong who is acting as temporary secretary for retiring secretary Susanne Ripley. Sue has served as secretary for many years and the organization will especially miss her wisdom and good judgement. Sue and Doug and Doug's parents Rip and Gertie Ripley, have all served on the Centre committee in the past and we would like to extend our appreciation and good wishes for the future. The Bingo committee reported that attendance has been very low, so have suggested that a \$100 jackpot be started with a \$5 increase each week until there is a winner. The weekly Monday bingo supplies much needed revenue, so any suggestions from interested parties would be greatly appreciated. Linda Morrison is Bingo chairlady, so please feel free to contact her with your suggestions. The Dance committee reported a good turnout for the Annual Snowshuffle held March 3. Tim Chambers and Brenda Barry were declared the winners of the Most Sportsmanlike Rider on the trail. We apologize to all who came to our March dance. As any of those who attended know, the band that we had booked from Huntsville

failed to appear. This is only the second time this has happened but we are taking steps that we hope will prevent this in the future. The Hootenany Committee had four representatives at our meeting, and we were pleased they attended. This is our newest committee and they have worked hard at establishing a dance the first Saturday of every month with live music provided. This dance is open to all non-drinkers of any age and they especially like to see the young people attend. There is a small door charge of \$2 and refreshments can be purchased at the dance. For further information contact Fred Houghton. Playschool reported everything going well with a hayride planned for the near future. Any pre-schoolers between age three and five years is invited to attend. Contact Mrs. Brian Barry if interested. The ladies from the Golden Age Club are still busy quilting every Tuesday afternoon. The draw was made at the Snowshuffle for the quilt they donated and was won by Mrs. Jim Cowan. Any lady interested in quilting or having a quilt made, please contact Mrs. Wes Stata.

The committee discussed future endeavours such as the annual Canada Day Picnic and a Wintario grant. We are starting to gear up for Canada Day with this year's theme "Explorers of Canada". A Canada Day grant has been applied for from the Ontario Canada Day Committee. In the past, this funding has accounted for a third of our costs and we anticipate their support this year. Anyone who has attended in the past knows our day is jam packed with fun for the whole family and it takes a lot of community volunteers to make it a success. We are hoping for your continued support. The most important discussion of the evening was the application for a Wintario grant. We are at the point where the installation of a new roof is imperative. All our hard work in renovating our dance hall is being destroyed by leaks in the roof. Also, we are planning to install lights on our ball field, so our teams may play their games at home later in the season. Without lights our teams are required to play in Haliburton under the lights, which gives the other team an unfair advantage. Also included in the applica-

tion is funding for a single tennis court with lights, renovations and new equipment for our kitchen, a new room for children's activities, a new furnace, additional heating equipment for the Bingo room, an advertising sign for the front of the Centre, and a hockey rink. The reader may think we are biting off more than we can chew, but we have been successful in the past with fund raising for our Centre and we are confident that the community will stand behind us again. Our little hamlet of West Guilford is blessed with many community minded people and friends from surrounding areas. Let's not let Mac Prentice down. I'm sure if he were still with us, he would be pleased with our

Please turn to Page 7

Correction

A story in last week's Echo on the Glen Dart hockey tournament contained an incorrect score for one of the games. Final score in game seven between Haliburton Atoms and Wilberforce Atoms was 5-0. Scoring for Wilberforce was Cory Hunter with two, Brian Godfrey, Steve Coumbs and Jason Hudder.

Delegation policy questioned

from page 3

meetings. Of course, there would have to be some committee meetings - such as salary negotiations - which would be conducted in camera.

The original policy clearly states that if an individual or delegation of people are not satisfied they may apply in writing to be heard at a general meeting.

The members of the Haliburton County Board of Education noted that they operate in an open manner and have been distributing their minutes to the Haliburton County newspapers for printing.

The Board accepted the request of Barbara Lewis for a second year's leave of absence from her teaching duties at the Wilberforce Elementary School for the school year 1984-85.

The Board agreed to the continuation of a half-time timetable at the Archie Stouffer Elementary School for Bonnie Fitzgerald, for the 1984-85 school year.

The Board accepted the resignation of Audrey Harris from the staff of the Cardiff Elementary School with regret, effective June 30, 1984.

The Boards offered permanent teaching contracts to Janice Cross and Les Jankovich to teach at the Haliburton Highlands Secondary School.

Approval was granted to the Archie Stouffer Elementary School to use the following novels in the Intermediate Division: *Escape*, *Adventures of a Loyalist Family*, by Fryer, Publisher - Dundurn - The

Boy with a Hand, by Reaney, Publisher - Porcupine's Quill - Shantymen of Chache Lake, by Bill Freeman, Publisher - Lorimer.

Rosemary Kenney's request for maternity leave, no later than May 4, 1984, was approved.

Lynette Elstone's title will be changed from Secretary to Accounting Assistant and she will receive the salary Margaret Finlay earned prior to her retirement. This change will take effect on April 2, 1984.

The Board agreed to the continuation of a half-time timetable for Shirley-Jean Baker at the Haliburton Highlands Senior Elementary School, for the school year 1984-85.

The Board agreed to the continuation of a half-time timetable for Kathy Rogers at the Haliburton Highlands Senior Elementary School for the school year 1984-85.

The Board agreed to the continuation of half-time timetable at the Archie Stouffer Elementary School for Diane Dawson for the 1984-85 school year.

A second Probationary Contract will be offered to Corinne Haley for the 1984-85 school year, to teach at the Victoria Street Elementary School - developmentally handicapped class.

The Board agreed to the continuation of a half-time timetable for Susan Sisson and Gloria Tomlinson at the Archie Stouffer Elementary School, for the 1984-85 school year. Brian Sisson declared a "conflict of interest" and refrained from voting on this motion.

Robertson M. Herlihey was appointed trustee of the perpetual awards account for the Scholarship Fund.

Dale Robinson's tenure as principal of the Secondary School was extended for a further three years.

The Board granted permission for the parents of the Senior Special Education class at the Archie Stouffer Elementary School to transport their children to the starting point for the Trent Canal cruise and the return trip.

The Board accepted the Lions Club request for use of the Haliburton Highlands Senior Elementary School gym at a charge of \$50 for Board Security. This request is subject to Board policy on use of the building.

A motion was approved stating that when departments' budgets reach their maximum limits the transfers from other departments must be approved by the Board's administrative staff.

Expenditures for the month of January, 1984 in the amount of \$664,296.58 were approved.

Expenditures for the month of February, 1984 in the amount of \$711,378.26 were approved.

The Board agreed that Stan Baker will have nine days of 1984 holidays, commencing April 9.

Minutes of the meeting of February 13, 1984 were accepted as printed.

The Board decided to adopt a policy to inform all operators and their drivers of all bus and school suspensions and length of suspension.

Did you know?

By BAMBIL GILDER

Did you know...that for the past nine months, Katimavik volunteers have been working and contributing their skills in the Haliburton and Minden areas. The last group of volunteers have been here three months, and have been involved in various projects such as the constructing of tree identification signs for Glebe Park.

insulating and building a picket fence for the Museum's Reid House, working with the Haliburton Cubs, building picnic tables for the park, and assisting in the office and setting up shows at the Raily's End Gallery.

Katimavik will be having a Wine and Cheese party as a "final farewell" on Friday, April 6, in the Drop-In Centre. Everyone is welcome.

The Committee for Alcohol and Drug Education (C.A.D.E.) will be showing a film entitled "Chemical People" on drug and alcohol use and abuse. The film will be shown on Wednesday, April 4, in the Haliburton Highlands Secondary School cafeteria, beginning at 7:30 p.m. It will also be shown on Thursday, April 5, in Minden at the Archie Stouffer Elementary School in the library, beginning at 7:30 p.m. Admission is free and everyone is welcome. Refreshments and information will be available.

Please keep in mind, that your County Information Centre is here to answer all your questions regarding health, social, legal, governmental and environmental subjects.

College holds banquet to honour advisory committees

Sir Sandford Fleming College held its first annual "Friends of SSFC" banquet at the Sutherland Campus in Peterborough on Friday, March 30, 1984 in recognition of the contributions of its Program Advisory Committees.

Over 200 guests attended the banquet and dance inclu-

ding Chairman of Advisory Committees, current and former College Board members and community friends. Guest speaker was Norman Sisco, who was instrumental in developing the original concept and legislation for Ontario's community colleges and for seven years served as Chairman of the

Council of Regents, an advisory body to the Minister of Colleges and Universities.

Advisory Committees, which consist of experts from various industries and fields, are established for each program at the college to ensure that program offerings are relevant to current social and economic needs.

According to SSFC President Charles Pascal "the College requires continuing guidance to meet the changing needs of business, industry, government and society. Active advisory committees are the key to that guidance."

A major responsibility of the College's advisory committees is to advise on the creation and development of new programs of instruction in relation to employment

demands. Reviewing existing programs, including curriculum, equipment and facilities, is also an important role of the committees.

"The success of our programs is due in large part to the excellent quality of advice provided by our advisory committees," said Pascal.

SSFC Board Chairman, Leslie Groombridge added that "advisory committees bring the community into the College by providing counsel and support. The concept of the Friends of SSFC is our way of recognizing their hard work," he said.

Earlier in the day, Board Vice-Chairman Laurence Mahon chaired the first annual meeting of the Advisory Committee Council which was held to discuss the goals and priorities of the College.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Northern Lights

By VIRGINIA MUENZEL

Take your Mother-in-law Jokes, please...

Tomorrow is my mother-in-law's birthday. And, if the weather will only hold, we're going to make the trek to Buffalo to see her.

It's all very complicated, going away for the weekend. We have to have a live-in chicken sitter, et al. Lists must be compiled for proper feeding times and quantities, rules and regulations that will hopefully keep the stupid birds from getting totally discombobulated by the sudden change in personnel. Then there's the egg customers, and the dog and cats to tend to.

But it's O.K., my mother-in-law is worth a little trouble. Mainly, because she's never given me any. Actually, I never think of her as an in-law. She doesn't fit the accepted, run-of-the-mill, derogatory version of the nagging, interfering, "my son is too good for you", mother-in-law.

I know that she would have preferred for Ed and I to wait a year or six longer than we did to tie the knot. But, once we were married, she never again broached the subject. There have been times when, deep inside, she must have been horrified at my less than standard performances as a housewife and mother. But she never said a word. In fact, not only has she never put me down, she is always the first to praise anything I accomplish.

Now, that's not easy to do. I know, I'm a mother-in-law myself. And try as I may to fashion myself after her, I keep slipping off the pedestal. Every time my children make decisions that I think are less than wise, (like getting married too soon), I want to rant and rave at them, beat their heads against a wall to knock some sense into them. I have to take long walks, and go to my secret place and pray for the patience to keep from blowing the relationship by opening my big mouth. Sometimes, I succeed. But not always.

How does she do it? She must have the strength, determination and discipline of the mightiest of men. And yet, she's just a little might of a thing. Frail, and arthritic, but her back is unbent. She has the wisdom, faith, and strength one can only achieve with the help of a very high-placed friend.

You're an angel, Mom. I love you. Happy Birthday.

Naturalists

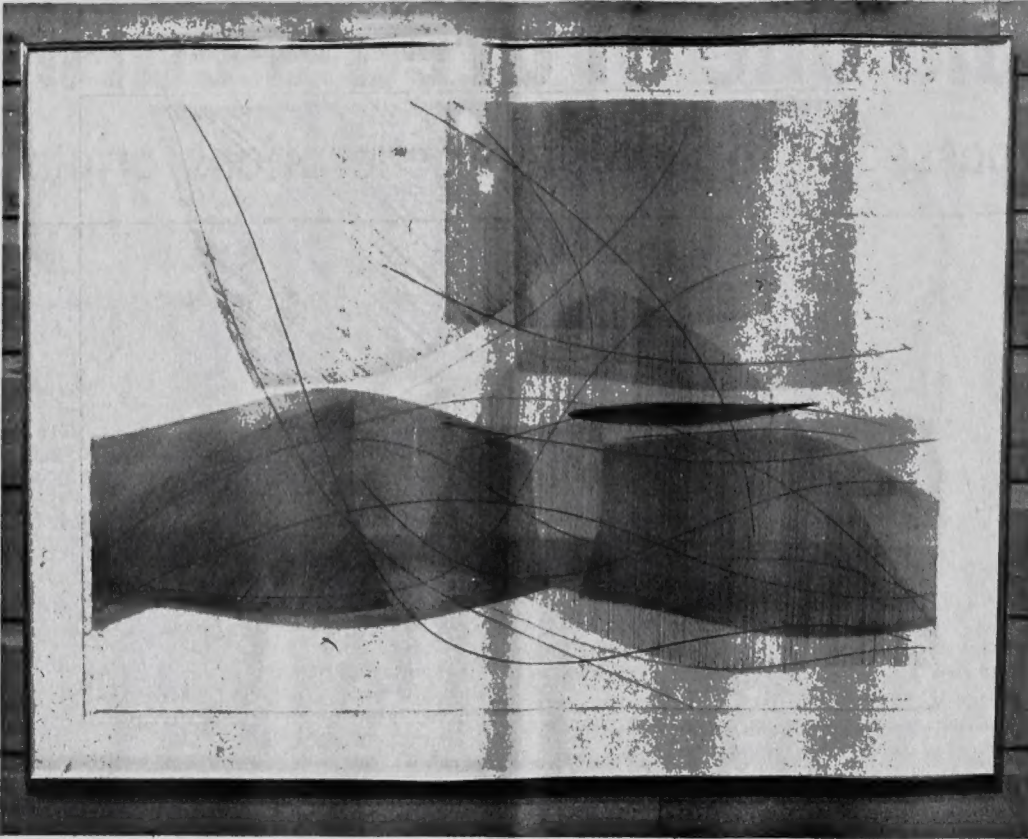

from page 5

ment Canada and Ontario Ministry of the Environment monitoring networks. Though its audience will be largely Canadian, the Bulletin should drive home the importance of American legislation to control acid rain, and hopefully spur other affected areas of the U.S. to adopt similar weather services.

Development of the Bulletin by Environment Canada is another feather in the cap of the Canadian Coalition on Acid Rain, a national organization representing more than 50 environmental, business, labour and public interest groups, who are pressing form tough controls on acid gas emissions. The coalition saw the effectiveness of the Maine index and quickly succeeded in convincing Environment Minister Charles Caccia, that a Canadian version would be most effective in mobilizing public awareness.

Acid rain reports are not the only innovation in your daily weather reports. Based on the installation of the latest in air quality monitoring equipment, officials of the Provincial Environment Ministry have been able to expand the daily air pollution index service from seven to twenty cities throughout the province, while simultaneously adding ozone, carbon monoxide and total reduced sulphur compounds to the list of substances measured. A new descriptive definition of air quality now complements the simple numerical rating in use for some time.

It is hoped that the long-range forecast will improve as a result of a more informed, active citizenry.

An exhibition of works by Markham based artist Sheila Maki is currently on display at the Rails' End Gallery in Haliburton. On Wednesday night a show of

works by several local artists will open in the members' Gallery in the waiting room of the old station.

Senior League

Well readers, what a lovely morning it is, the sun is shining and bright and the snow is disappearing fast. If we just be patient spring will come at last. We should all be thankful here at Hyland Crest; with good food, doctor and nursing care, we are truly blessed.

There was a very nice service in the chapel Sunday night and a good number of people were there. Ruth Thompson played the music, Harold read the lesson and also led in prayer. Then Rev. Bearches took over, an interesting message he always brings. He said "If we live a Godly life here on earth, we will go to live with the King of Kings".

Monday morning down at fun and fitness, playing pocket ball, Ameilia Good won

out over all. Ray Jenkins and wife who have been spending their winter in the sunny south came up to Hyland Crest to visit Ray's mother who hasn't been the best. We always know when Ray is here, he plays lovely piano music that is loud and clear. Movies were shown this Monday; 'The Managed Forest' and 'The Fiddlers of James Day'.

Our newlyweds are back from their honeymoon. The bride said they had a lovely time, but it ended all too soon.

Rev. John Smith of the Haliburton Baptist Church came down this Tuesday and held a very impressive service in the chapel. Fred Ballard came with music to play. Thankyou for coming, we would like to say.

We have a new helper in the dining room who is always willing to do her share. She has a nice head of lovely auburn hair.

Tuesday night was Fred Ballard's night here at Hyland Crest. Fred plays lovely organ music and gives us his best. But, he said, I'm getting tired of coming up here all by myself. Perhaps some day not too far away they'll lay me on a shelf. I said 'Fred, haven't you heard of our newly formed quartet? If you need assistance we'll be there, you bet. So we played different kinds of music but not with song. Fred was so glad that we came along.

Down at Fun & fitness

different events take place. Thursday morning Bert Bowern won the potato race.

The Penticostal ladies of Ingoldsby came Thursday afternoon to Hyland Crest. They not only brought a lovely lunch, but served it up the best. They also brought a birthday cake for people who had birthdays this month, that was very fine. Doris played, they sang some good old tunes, and we had a jolly time. Then our male quartet took over, played some lively tunes, helping to entertain this Thursday afternoon. We thank Barry Vanesse and Don Cobridge for calling the bingo numbers here on Thursday night. Most of

Writers' Corner

SPRINGTIME

By JIM WALLY

"Spring" is at long last here; with all the joys and thrills it holds. The melting snow quickly forms the puddles, which are slippery sheets of ice in the morning and lovely mud packs to be tracked all over your clean floors by your and every other kid in a ten mile radius as well as every dog and cat they can find to drag along. Still, who does not love to see that old snow, that had hung around for the last ten months, "go"!

With the coming of warmth comes the green grass, flowers, leaves, and the seeds we foolishly sent away for that bitter cold night so long ago. Why is it the black flies know just when you pick up those garden tools? They are always right there the minute you put the rake to the grass or a spade to the soil. For some reason they want to challenge your right to your own yard and anything you want to do to it; why, your very ownership seems to be at stake. Only by applying gallons of bug spray can you get ten minutes work done before they have your eyes swollen shut, about a dozen buzzing in your ears, and somehow gotten down your neck and up your pant legs. Still we can enjoy the wonderful sunshine between these April Showers that keep on coming around in May and June.

Spring brings so many wonderful things: Spring cleaning: the art of pulling everything out of every closet and drawer, dumping the stuff into piles, in general making a big mess, then putting it away again. Yard sales: the method everyone in the area uses to get me to haul away and store all their junk and pay them for the right of doing so. Gardening: a way of changing a \$25.00 seed order into two beans, a green tomato, a small head of lettuce and four tons of zucchini; which nobody likes anyway.

In truth, spring is a wonderful time, it is a time of new beginnings, of new hopes for tomorrow, but most of all new life. It is a time when God, the maker of all things, shows His hand in all that is fresh and new in nature. It is a time when I feel to be drawn closer to Him in the seeing of a smallest flower. Only He can give this beautiful gift of life.

Cycle

A jagged, old stump in the young forest stood, Where once there had been a tall and dense wood. Struck down by lightning, burned out through the heart.

Of the giant that was, there remains not a part. Well, that's not quite true, for around it, you see From the forest that was, is the one that will be. The young trees have sprung through dark ashes well spread,

And a live carpet grows where all had seemed

Thomas Gould one of area's earliest settlers

The farm he built was passed on to successive generations, original log house still in use

By LEOPOLDINA DOBRZENSKY

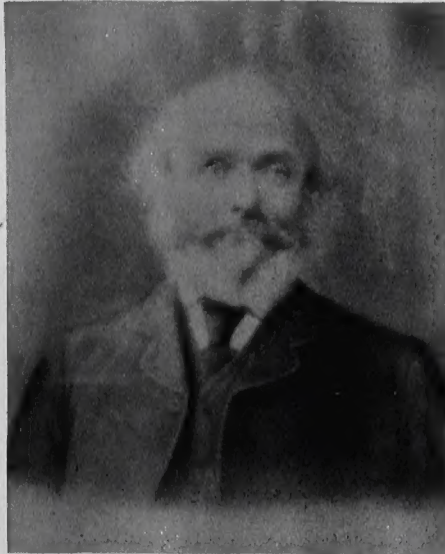

"Watch out, I'm coming," called a rosy-cheeked teenager to his sisters. Seconds later, a toboggan rounded the curve at Devil's Elbow and sped across the tracks at Gould's Crossing. Pat Casey, sixth generation descendant of pioneer Thomas Gould, was on his way to help with the chores.

Thomas Gould, the son of George Gould and Elizabeth Enkleton, was born in Barnstaple, near Exeter, Devonshire, England, on January 4, 1838. He came to Canada West in 1854 as a young man of 16.

Isabella Menzies was born in Perth, Scotland, on November 6, 1837. A wealthy family, emigrating to Canada, engaged the 16 year old girl as a governess. At the time of departure, one of the children became seriously ill and the trip had to be postponed. The boat left without them and was never seen or heard of again. A contemporary English ballad tells the story of the "ship that never returned". Isabella eventually arrived in Canada, where she met Thomas Gould, her future husband, whom she married at Knox Presbyterian Church in Woodstock on October 8, 1856. The young couple settled on a farm in Shakespeare, near Stratford, Ontario. Isabella's sister, Henrietta Anderson, lived nearby with her farmer husband and three children. When the Goulds decided to move north to Haliburton, the sisters were separated for a while. After Alexander Anderson's death in 1873, his widow came to Haliburton with her family to be near relatives. She soon realized however, that it would be easier for a single woman to bring up nine children in Oxford County and moved back there.

Land purchased

Some 250,000 acres of land available for settlement in the Highlands of Haliburton were first advertised in the fall of 1862 by Frederick T. Roche, Canadian agent of the Land and Emigration Co. of London, England. In September, 1863, work started on a wagon road to connect the company's holding's with the Bobcaygeon colonization road. The Haliburton road, as it was called, had not yet reached the village of the same name, when eager settlers pushed into the area and bought the most desirable lots along the finished portion of the road and on Kashagawigamog Lake. Coming from Oxford County, where there is excellent soil, Thomas Gould may have had

Thomas Gould

Isabella Gould

second thoughts about the fertility of the land offered for sale. Being among the first buyers, however, he had the opportunity of choosing a better than average lot at the foot of Gainforth Hill. He paid \$100 for 100 acres and settled on lot 9, concession V, Dysart.

Thomas, Isabella and their five children

was in Minden, roof boards for the buildings had to be brought in by water. The couple made several trips on foot to Borden's Landing on Lake Kashagawigamog to pick up the lumber. Isabella carried one board, and Thomas, two boards at a time. To sell butter and eggs, Mrs. Gould had to walk to Minden, at least once or twice a week, a 40

she was expecting made a precipitous appearance. Too late to call the neighbours' wives for assistance, Margaret was born right in the field.

A new home

The Goulds' shanty burned down sometime in 1867. A "bee" was called almost immediately and a solid log structure built; so solid, in fact, that it is still lived in comfortably today. The work was directed by two experience carpenters, John Dugan and his brother-in-law Andrew Quarry. The whole neighbourhood assembled to give a hand. The 18 feet by 22 feet log structure was built over a stone cellar and lined with wide pine boards, which were later whitewashed and wall papered. It had a parlour, kitchen, bedroom and upstairs dormitory. At some distance from the building, the outhouse was placed in such a position that spring floods cleaned it out. Isabella Gould planted roses, lilac bushes and willows around the homestead, which is one of the few early buildings in the Haliburton area still occupied by descendants of the original settlers. The logs are now covered on the outside with siding, but they are exposed in the living room of the house.

The new log house was soon turned into a comfortable home by Mrs. Gould. A set of fine china which miraculously survived the trip over the rough Bobcaygeon road, was brought out of the trunk and duly displayed in a cabinet. Instead of the homespun curtains, common in settlers' homes, Isabella Gould's "hangings" were of white cotton. She was always busy sewing, knitting or braiding rugs. When her eight daughters were growing up, Isabella made them crinoline-style frocks with ruffles and bows for Sunday. The sight of the pretty girls being driven to church in an open carriage was something nobody wanted to miss. The girls took up a whole pew in the Presbyterian church. At home they wore spotless white aprons, something few settlers' daughters bothered with in those days.

A successful farm

Thomas Gould's name appears for the first time locally on an address presented by the original settlers to C.R. Stewart, first resident manager of the Canadian Land and Emigration Co. on December 8, 1864. ** The occasion was the opening of the water-powered sawmill of Messrs Lucas and Ritchie in Haliburton. For the next 10 years Gould concentrated all his efforts on

Please turn to Page 10

Roof boards brought from Minden by water

travelled to Minden in a covered wagon, then up Canning and Kashagawigamog Lakes in a boat.

The first years in the fledgling new settlement were incredibly difficult. The Goulds built a shanty in the north-west corner of their property, close to the road. Because the nearest saw mill

mile round trip from the farm on a rough road. Every hand was needed in clearing the land. An expression still used in the family may date from this time: "You piled your brush", meaning you did a neat and tidy job. While Isabella was helping her husband with the harvest, the baby

Besides his farm work Gould served on council

from page 9

developing a prosperous farming operation and raising his family of 12. Starting in 1868, he rented lot 14, concession V, Dysart from the Land Co. and farmed it together with his 100 acre lot. Gould kept purebred stock with which he was quite successful, as entries in a tattered old account book show. Haliburton farmers brought their livestock to the Gould farm to be bred. Some of the cows had lovely names, for example Bess, Blossom, Strawberry and Pinky as recorded in the book. Gould did contract work and sold grains, legumes, flour, potatoes, meat, eggs and butter to a variety of customers. From Haliburton village notables to Mossom Boyd's lumber camps - the account book is a Who's Who of the inhabitants of the 1860's - 90's. In turn, the Goulds bought or traded nails, tea, sugar, coffee, boots and dress material in the village store. In 1872 half a pound of tea cost 40 cents, while a pair of boots or two pounds of sugar could be had for 25 cents.

In 1873, Thomas Gould was appointed road overseer for Division 2, Dysart. In 1874 he cleared out Barnum's Lake road, shovelled snow and chopped trees for the Municipality. Also in 1874, Gould and William Dugan were appointed tavern inspectors at one dollar per inspection for a period of one year.

On July 11, 1878, Thomas Gould sold nine and a quarter acres of land to the Victoria Railway Co. for \$180. A station called "Gould's" was established there.

Council member

Gould was first elected to council in 1880. That year his fellow councillors were Andrew Quarry,

William Dugan and Thomas Agnew. Quarry, Dugan and Gould were all farmers from the area.

In total, Gould spent 20 years on council. He was very interested in the welfare of the community in which he lived and brought to the position of councillor intelligence, integrity and wisdom. These qualities were sorely needed at a time when the municipality of Dysart and the County as a whole felt the repercussions of the Western exodus of many of their former taxpayers.

From the beginning, Gould was a leading member of the Haliburton Presbyterian congregation. The local Cheese Factory Association claimed him as an important board member. He was also Justice of the Peace.

Farm sold

Of the 12 children, only one stayed permanently in Haliburton. Robert Menzies Gould married Anna Dugan and settled on a farm situated on the present site of Wig-A-Mog Inn. He moved to the homestead early in 1910, when his father's health was failing. The young couple had only one child, Robert Bruce. The Wig-A-Mog farm was sold and an auction took place, of which a detailed report can be found in Robert Gould's black notebook. The most expensive item sold was a brown horse, acquired by Lawrence Holland for \$138. A black cow went to George Howe for \$41. A. Turnbull purchased a cutter for \$20. Bob Moon bought a set of harness for \$18.25 and a steel crowbar fetched 95 cents from W.R. Curry. Fred and Ephraim Parish invested in a ten cent rake each. The ladies were buying too. Mrs. Julius Brohm got an iron tea kettle for 35 cents, Mrs. James Emmerson a wash tub for 25 cents, William Nichol Sr.'s purchase of a churn was recorded at \$2.40 and Jack Laking received a \$2 discount on his purchase of a \$40 buggy.

Thomas Gould died in Haliburton on March 15, 1910. His funeral was conducted by the Presbyterian minister, Rev. J.W. Penman, assisted by Orangemen and had a large attendance. As the procession passed through Haliburton village on its way to the cemetery, all business was suspended and flags hung at half-mast.

Descendants of Thomas Gould and Isabella Menzies in the first generation were: Grace, m. Hughson, Toronto; Margaret, m. Dr. Simeon Story, Blenheim; Thomas, m. Anne Coneybeare, Toronto; George, m. Anne Rolston, Toronto; John, m. Liza Inglis, Haliburton; Bella, unmarried, Detroit; Mary, unmarried, Cranbrook, B.C.; Ella, m. Sam Whittaker, Gooderham; Henrietta, m. Wm. Shaver, Lambton; Elizabeth, m. Wm. Snow, Toronto; Robert, m. Anna Dugan, Haliburton; and Annie Bertha, m. Duncan MacIntosh, Minden Township.

A Pinch of Sand

The sweet potato has got to be the trademark of the south. In restaurants it is possible to order the white potato that we are familiar with, but normally if you say potato it is taken for granted that you mean the better known sweet potato. They are really not potatoes at all, but a tuber that by popular usage has been given that name. When selecting look for the rounder darker, almost orange variety. These are yams distinguished from their cousin the sweet potato by their darker colour and rounder shape. Sweet potatoes are longer, thinner and a lighter yellow. They are not as sweet and are apt to be coarser in texture.

SWEET POTATO PUDDING

1 cup milk; 2 eggs; 1/8 tspn. salt; 1/2 cup butter; 1 tspn. vanilla; 2 cups grated potatoes; 1 tblspn. cinnamon; 1 cup brown sugar.

Mix sugar, butter, eggs, cinnamon. Add potatoes, milk and salt. Bake 1 hour at 350 degrees. Serve with whipped cream or brandy sauce.

BRANDY SAUCE

1 cup sugar; 1 cup milk; 2 tblspn. butter; 2 tblspn. brandy; 1 tspn. flour.

Mix and cook 15 mins.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Norland Natter

By KELLY GRAHAM

Yes, spring has finally arrived and not a moment too soon. I, for one, am looking forward to the lazy, hazy, days of summer.

Last week the kindergarten to grade two students at Coboconk Public School travelled to Norland to visit Roger Gostlin's sugar bush. They wish to thank Roger, his wife Debbie and Juanita Watson for taking them and allowing them to help collect sap. Next week the K-2 class at Norland will be visiting the bush.

Once again this year the students and teachers at Coboconk Public School will be having their annual talent show. It is entitled "The Tonight Show" and will star Johnny Carson (?). It will be held at the Lions Hall in Coboconk on May 2 and 3. If it is anything like last year it should be a great show. Plan to attend.

The Bicentennial Committee at Coboconk Public School is putting together a display of old artifacts. They are desperate for items - if you have anything antique that they could borrow please contact the school's principal, Mr. Papke.

The winner of the hockey pool last week was Grace England.

Grade four to six from Norland and Coboconk Public Schools recently travelled to Lindsay to see the stage play "Hailey's Comet". I trust they enjoyed their excursion.

There was a book display set up at the Lions Hall in Coboconk April 4. During the display students looked at books they were interested in and later that night the parents were able to return and buy them at large discount prices.

Congratulations to Brian and Suzanne Swain who were recently blessed with a baby girl.

Remember if you wish to apply for the job of swimming instructor or assistant, this summer for the New Kawartha Water Safety Programme, contact Charlene Cross at 454-3361.

Some members of our local council and the recreation

building committee recently met with some salesmen who had several building proposals. This meeting has sparked renewed interest in the new recreation centre. Some sources say that it seems likely that dreams of a new recreation centre may soon become realities.

On April 12, 13, and 14 Fenelon Falls Secondary School presents the musical play "Brigadoon". Many students, including myself and Kristina Garrels, of Coboconk, have worked very hard to make the play a success. "Brigadoon", starring Tom White and Cori White, is the story of a mystical Scottish village which appears every one hundred years for twenty-four hours. If you wish to acquire tickets please contact me. Thanks to Mr. Baxendale (director) and Mr. Nicholson (musical director) I am able to guarantee that it will be a night of entertainment for all.

Congratulations to Heather Yeo and Doug Boyce who were married in Coboconk on March 24. May they enjoy many years of happiness.

Well, folks, that just about wraps it up for this week. Please remember to contact me at 454-3707 if you have a newsworthy article.

Here are a couple of late arrivals. Last week the Norland Volunteer Firemen were called to a fire at the Digby boundary. The house (an original log cabin) was being rented by Joe Travis. He woke up and noticed the room seemed exceptionally hot. When he investigated he discovered the attic was in flames. By the time he was able to locate a phone it was too late to save the house. Although the men fought the flames until 4:00, they were able to save nothing.

The Norland Kindergarten registration will be held on April 11. If you know of any children who will be five in the calendar year of 1984, please inform their parents of the registration date.

Senior League

from page 8

those who played fared alright. Billy Wood won six bingos, some also won four, others won two, I don't know many more.

Bert Bower brought his tape recorder down to fun and fitness with Al Smith

playing the fiddle and Bert on the banjo. Take your partner by the hand and away we go.

Friday afternoon, oh my word, instead of sing song they were playing shuffle board.

Sinc Nesbitt of Minden gave his team a workout on Saturday, pulling visitors between the sawmill and the sugar shack at the Leslie Frost Natural Resources Centre. The horses seemed to enjoy the outing as

much as the people did, but then who can resist a chance to be outside and get a little bit of exercise under the warm spring sun?

Dorset News

By PHYLLIS BRISCOE

"North Americans have more food to eat than any other people. They also have more diets to keep us from eating and enjoying it."

The deer herd must have wintered well as they have been seen quite frequently along the roadside on 117 and 35 highways. During the winter there have been numerous deer seen on the lake in the Dorset area and several local people have put out food for them. When the snow was deep it was difficult for them to fend for themselves. There have been some large lake trout taken out of this lake recently, averaging 7 to 10 pounds, pretty nice catches that make up for the leaner times earlier in the winter. There are some compensations for this prolonged winter weather.

Joyce and Leon McKay and Jack and Irene Clayton have returned home after a Florida holiday. They were more fortunate than some that went earlier as they enjoyed bright sunny weather throughout their stay in Florida, but did encounter some unpleasant weather on the way home in southern Ontario.

Mrs. Marcella McKay and her daughter Janet Green have returned from a trip to Europe where they had a tour visiting many countries and many points of interest in each one. They disembarked at Amsterdam then flew to England where their tour started. Their tour guide was very literate, jovial and friendly which made the trip especially enjoyable. They travelled by bus and while in England saw Buckingham Palace, St. Paul's Cathedral, Herrod's Department Store and many other sites of historical interest. They ferried across the Channel to France and in touring that country they saw Vimy Ridge of World War I history, the Eiffel Tower, visited a Paris nightclub and explored the spectacular Palace of Versailles and many other familiar areas. They visited Berne, Switzerland, had a trip up the Alps and were entertained by local talent shows, yodelling, etc. In Germany they visited the Black Forest, a church of Gothic architecture built in 1386, had a cruise on the Rhine, starting at Lorelei Rock, and saw many Royal castles. In the Netherlands they visited a cheese factory, a wooden shoe factory, a

flower auction and a cruise on the Zuider Zee as well as seeing numerous beautiful old buildings of early and different architecture. It was a lovely trip, much enjoyed with sunny weather but cool most of the time.

We are happy to report that Doveina MacKay has been home for some time after being hospitalized and seems to be doing very well.

Mrs. Dorothy (Dot) Hall died in Toronto on March 22. She lived in Dorset as a young person and will be remembered by some of the older generation. Her maiden name was Gillespie.

H.H. Chili powder, cayenne pepper and paprika should be kept in the refrigerator after being opened to retain their potency.

Minden news

By MAIZIE AUSTEN

The hockey season has come to an end for this season. The hockey banquet and award night will be held at the Community Centre Wednesday, April 4 at 6:30 p.m.

It is wisely said that an optimist sees the light that is not there, and a pessimist comes along and blows it out.

If you have any news for me to print please call 286-3607. Thank you.

Household Hint: more on blood. Never put blood stains in hot water. Soak in cold water immediately. If stains persist, soak in diluted lukewarm ammonia solution, rinse. Work in meat tenderizer. Rinse and launder.

Mary Gillis and Debbie Irvine spent a few days in Whitby with Shirley and Glenda Stamp. They plan to return the visit in a week.

There will be movies at the Cultural Centre for children only now. The next movies will be Friday, April 13 at 7:15 to 8:15 p.m.

There will be a Heritage Ball to celebrate the Community's 125th birthday Saturday, April 14 at the Community Centre. There are only 110 tickets available. The advance tickets are \$16 per couple and \$18 per couple at the door. You can contact Wendy at 286-2088 or Cathy at 286-1267 for more information.

Keith and Mabel Brannigan of Minden, the Yearwoods of Sudbury, Kirk, Nancy and Colleen Hewitt of Mississauga attended the Provincial Ringette Championship games in Toronto last week.

A speedy recovery to Mrs. Joe Warburton following surgery in the Ross Memorial Hospital. Get well soon, Mrs. Warburton.

Sincere sympathy to the family and friends of Roy Eldridge.

Last week's mini card party winners were the following: Euchre - lone hands (on a cut) Shirley Elcome, others Lil Porter, Tom Hurta and Charlotte O'Neil.

The "Share and Learn" group will be meeting Wednesday, April 11 at 7:30 at the Cultural Centre. All interested ladies are welcome.

For those who have been wondering how Garth Horsley is coming along, Garth is coming along fine, he just needs rest and a little more time. Get well soon, Garth.

Dave Stribling visited his parents, Mr. and Mrs. Peter Stribling, over the weekend. All the best to Autumn Davis on her new position as production manager with the Fergus newspaper.

There have been reports of sightings of killedeer and wild geese. With the nice weather we have had spring could be here at last.

The Committee for Alcohol and Drug Education will be presenting a film on alcohol and drug abuse at the Archie Stouffer School library Thursday, April 5 at 7:30. Admission is free. Refreshments will be served.

The Thrift Shop at St. Paul's will be open every Friday from 1 to 4 with the exception of Good Friday April 20.

A speedy recovery to Ernie Brohm who is at present in the Haliburton Hospital. Get well soon Mr. Brohm.

Charlie Palmer of Minden visited friends in Uxbridge and Lindsay over the weekend.

For all you sick and shut-in we wish you all a speedy recovery. The weather is too nice to be indoors now.

That is all for this week. I hope to see you all next week.

NOTICE

We are pleased to announce that the Bakery previously known as Linkert Bakery Limited is to re-open for business on Monday, April 9th, under the name of "MAPLE LEAF BAKERY"

While the name has changed we are fortunate that we have been able to retain the services of Murray Linkert as our baker. As a result you can expect the same high quality products as in the past.

Economics have forced us to make some changes in our operation. Among other things we plan to become more retail oriented than in the past with emphasis on selling our products locally in our own newly decorated shop. We will also become more visible with new signs and weekly specials.

We will, of course remain competitive in our pricing and nobody can beat our quality. We solicit the support of everyone in the area and remember our slogan which is "Everyone kneads our dough".

Maple Leaf Bakery

For further information talk to Janet Barker our sales rep. at 457-2343.

P.S. OPENING DAY SPECIAL

FIRST 50 CUSTOMERS WILL BE ABLE TO GET A LOAF OF BREAD FOR .5¢ IF THEY BUY ONE AT REGULAR PRICE (limit 1 per customer).

PHONE 457-2343

Consider what an electric heat pump has to offer.

1. CLEANLINESS

Electric heat is flameless heat. There's no smoke. No soot. No dust. No fumes.

2. COMFORT

It not only heats in winter. It cools in summer.

3. FLEXIBILITY

It may be used with an existing oil furnace and prolong the life of your furnace. Or, if you replace your oil furnace with an all-electric system, you can use your home's existing ductwork.

4. COST SAVINGS

It could reduce your heating bill by 20-30% a year.

Call your local Hydro and join the converted today.

Go Electric

Gooderham News

By MARY HADLEY
Congratulations to Gwen Taylor on winning \$5000 in the Wintario draw a week ago. She bought her lucky ticket from Ron Barr.

Adeline and Ross Hutter of Oshawa, accompanied by their granddaughter, Tara, visited with Adeline's parents, Evelyn and Hubert Alsop last weekend.

Rosaline and Murray Madill of Peterborough visited friends here last Sunday.

The Gooderham Bridge Club accepted an invitation from the Cardiff Bridge Club to visit them last Tuesday. Seven attended and enjoyed themselves very much with the friendly Cardiff group. Fred Vanderland emerged as winner for the evening.

On Thursday, April 5, at 1:30 p.m. at the Haliburton Drop-in Centre, the movie, "On Golden Pond" will be shown. The staff of Halco Radio Shack will provide equipment to view the film. Everyone is invited. Don't miss this excellent movie.

Ross and Myrtle Alsop of Prince Albert with their daughter, Shirley Nottingham, visited their aunt and uncle, Vivian and Tommy Dowell, recently.

Glamorgan Seniors met in the Community Centre last Wednesday afternoon. This was the monthly pot luck meeting. Grace was asked by Hazel Bell after which a variety of scrumptious casseroles and luscious desserts disappeared as if by magic. Ivan Hunter, president, welcomed everyone including guests, Sadie and Ray Ponsford and Army and Jean Goff.

Evelyn Vanderland reported on the progress of the quilt being submitted for the Bicentennial competition. She showed it to the group who declared it a work of art - truly a masterpiece. Much

credit goes to Evelyn and Fred Vanderland, Dorothy Robertson and Marjorie Madill. Over 200 quilts have been entered in the competition with the deadline being May 1. It is now ready for quilting. Judging will be completed in June after which it is expected to be displayed here, unless, of course, it comes first and Her Majesty, Queen Elizabeth, receives it.

Marjorie Madill spent a few days in Scarborough last week with her daughter and son-in-law, Margaret and Dawson MacDuff. While there, she attended a musical - "A Tribute to Elvis Presley" at the Royal Alexandra.

Gooderham has some good hockey players. But having no arena, our young hopefuls have played with the Wilberforce and Haliburton teams. The Glen Dart Memorial Hockey Tournament was held last weekend. Minden and Wilberforce Novices faced each other in the first game. Wilberforce won 5-2. Of these five goals, Mike Billings scored four.

The Haliburton OMHA Atom hockey team won their zone championship against Millbrook. In the semi-finals they played against Ennismore but lost out and thus ended their season. However, in the first game Jason Billings was a star, having scored all five Haliburton goals. Jamie Hunter had an assist. With the game tied and only 19 seconds left, Ennismore shot one into the net, winning 6-5.

The boys are to be congratulated on a good season.

We are pleased to hear that Mrs. Lulu Dowell has returned to her home after a few days in the Haliburton Hospital, feeling much improved.

The Jane Fonda exercise

sessions have been well patronized at the Community Centre. Fifteen participated last Tuesday. Karen Dewey is the instructor and all report an enjoyable and worthwhile evening.

Last Tuesday, in the Community Centre, a baby shower was held for Joan Trotter. There was a splendid attendance and the gifts were both attractive and practical. When Joan entered she was requested to do a garbage bag with openings cut out for the head and arms. As the gifts were opened, the bows were arranged on the garbage bag making an unusual and colourful gown when the mother-to-be rose to thank everyone. Unknown to Joan, her comments as she opened the gifts were written down and read back to her with the suggestion that she re-read them while in labour. This created much amusement. A delicious lunch was served.

Pearl and Albert Cary were pleased to have a visit from their daughter, Madeline, and her husband, Bob Woods of Kingston last weekend.

During the week Pearl and Albert visited their granddaughter, Cathy Passeretti, at Cardiff.

After a somewhat harsh winter everyone seems to be rejoicing in the delicacy of spring now walking the countryside. Harbingers of spring, robins with their cheery songs and red-winged blackbirds have been sighted. A woolly bear caterpillar was seen. The winter buds are swelling and soon our bare trees will don a tender green coat. The sap is rising in the maple trees and we hear reports of a good run. In the words of the poet: "Like an army defeated The snow hath retreated. And now doth fare ill On the top of bare hill."

As a follow-up to a most successful meeting, on the 21st of March the fund raising committee held a pot luck supper and penny auc-

Local farmers' group plans test plot

By ERNEST HILLS
On March 20 the Farmers Association held a very successful meeting dealing with the subject of test plots, with a view to establishing an on-going program in which new varieties and methods are tested in the areas of pasture management, grain and forage crops, as well as market garden varieties of vegetables.

Of particular importance is the follow-up by the respective committees, and the reporting back to the membership on test plot results, thereby enabling each farmer to evaluate the productivity of his or her operation against the test results.

Carm Hamilton, area agricultural representative, led the discussion with an explanation of how best to structure a test plot study in order to most accurately determine a comparative analysis of crops studied. Godfrey Tyler, as chairman of the test plot committee, introduced plans for the administration of the study. Godfrey himself will oversee, evaluate and report on field crop studies, while Casey Cox will administer pasture management programs, and Bill Elliott will handle the market garden aspect of the test pilot program.

Some signatures were obtained by each of the committee leaders for their respective programs, from the 44 members in attendance. Godfrey Tyler has done an outstanding job in promoting and creating an enthusiasm for around the test plot program, as indicated by the excellent turn-out for the meeting.

As a follow-up to a most successful meeting, on the 21st of March the fund raising committee held a pot luck supper and penny auc-

tion at the Gelert Community Hall. A full house enjoyed a meal and had an hilarious time participating in the penny auction. The success of the 'farmer's hop', to be held in September, is now assured, as no one will want to miss Cliff Duffy doing the 'Gelert groove' in the magic dancing shoes he won at the penny auction.

Our sincerest thanks go out to Bob Hollobon, John and Betty Lonsdale, and the entire fund-raising committee for a tremendously enjoyable evening.

Congratulations go out to those in attendance at the Lloyd Watson Memorial Centre on March 27 and the people of Wilberforce, in particular area farmers, as organizers received the necessary mandate to establish the Wilberforce Agricultural Society and put into motion the necessary ingredients for a second County fair for Haliburton.

April 28 will be a busy day for some of the membership, as a group will be touring the area on behalf of the 4H program, visiting Wilberforce, Haliburton and Norland at different times during the day. The purpose is to promote the 4H program, search out new and prospective leaders, and to meet with some of the young people who would like to actively participate in one of the three 4H programs undertaken. They include 4H goat and swine clubs, and a 4H horticultural club, so if you are interested look for a time and place in your area.

On the evening of April 28, at 7:30 p.m. in the Wilberforce United Church Hall, the Haliburton Highlands Goat Society will be holding their annual meeting and

election of officers. Anyone interested is always welcome.

Finally, the Haliburton Highlands Goat Society is pleased to announce that Mrs. Furber, who wrote the text for the Independent

Study Program on dairy goats for Guelph University, will be conducting an all-day seminar on Saturday, May 12 in the Kinnmount Legion Hall. Cost to members will be \$3, non-members are asked to pay \$6. Lunch will be provided, and in the evening everyone is invited back for a pot-luck supper and penny auction.

For further information contact Sharron Greer at 286-1073 or myself, Ernie Hills at 488-2784.

Wilberforce News

We now have the name of the latest edition to the Krupa family. He will be known as Logan Keith Krupa. He will likely go into politics a few years from now. His grandfather is Monmouth Township Reeve, Keith Tallman.

Although we are accustomed to trustworthy friends and neighbours we should all be on the alert for petty thieves who are waiting to take advantage of this situation. A child's bicycle has been stolen from the main area of town. Many people have children with bicycles. Warn the children to make sure they are left in a safe place. Persons unknown broke into a camper of Don Mathews and removed several articles. None of these has been recovered by the police. Protect your property and if you are a victim of a robbery let others know so that they may take precautions to guard against similar happenings.

The curling club wound up the season with a fun filled weekend. Eight rinks took part. Games of chance were available between games. A tempting dinner was greatly appreciated. There will be a banquet held for the club at a later date.

The new Play School begins this Wednesday, April 4. Anyone wishing to register a child should come to the Lloyd Watson Centre on Wednesday mornings from

9:30 to 11:30. Good luck to this new venture.

The Legion Hall is a place of constant activity. Under the leadership of president Harry Dingley and with the help of dedicated members the Legion has many accomplishments to its credit. A recent event took place in the Legion Hall last Friday when appreciation night was held in honour of Sterling Mather. Sterling, a former resident, has come home to Wilberforce many times through the years and has made great contribution to the community by lending a hand at auctions, flipping pancakes at the holiday breakfasts and being ever ready to step in

and help, bringing to all these tasks his happy personality. Members of the Legion welcomed Sterling and his new bride Nancy. They were presented with gifts and a warm, friendly reception followed.

Next Saturday evening, April 7, a benefit night is being held at the Legion Hall for John and Wilma Jackson. Live entertainment by local talent should make for an interesting evening. All are invited to attend.

The first spring rummage sale of the A.C.W. will be held on Saturday, April 7 in the basement of St. Margaret's Church. Plenty of bargains will be available. The time is 10 a.m. to 12.

Bicroft council

from page 2
and Minden's resolution in supporting the initiative of the County of Haliburton to form a County Historical Society. A recorded vote was requested. Yea: three, Nay: two.

The quotation from Sterling Pools Ltd., Peterborough, in the amount of \$900 for a bubble type pool blanket for the swimming pool, was accepted. A recorded vote was requested. Yea: three, Nay: two.

The Cardiff Fair Committee will be advised that the Township of Bicroft will not

be responsible for any deficit experienced due to the 1984 Fair.

Glen Covert was approved to join the Bicroft Volunteer Fire Department to replace Alex Martins, subject to the usual three month probationary period and a clear medical certificate being received by the Fire Chief.

Regular meetings will be held on the fourth Thursday of each month starting at 9:00 a.m. instead of the present time of 8:00 p.m. A recorded vote was requested. Yea: Dickinson, Easton, Fraser, Nay: Howe, Todd.

Kinmount Korner

By MILLIE MOSS

Spring - beautiful spring - but leave us not jump the gun.

I was sorry to hear Verlie Young is down with the flu and Bertha Stata and Dot Crego were feeling not so good last week. Remember too, Helen Jones, Father Brooks, Bobbie Allen, Sam Telford to name but a few.

Happy eighty-first birthday to Thelma Saunders on Thursday, March 29.

Happy tenth birthday to Phebe Crego on April 23.

Vi and Albert Crego visited relatives at Glamorgan recently.

Thanks very much to a very thoughtful neighbour, Joe Crego, who was right on our doorstep, so to speak, recently, when he thought we needed help. You're tops Joel! It's people like you who make me think there's still hope for this old world.

Results of the Galway Wednesday night card parties were: ladies' high, Marge Int Veen, ladies' low, Ivy Handley; men's high, Leon Wright; men's low, Harry Stuart; and most lone hands, Ralph Schroter.

The Haliburton County Home Support Services have now extended their services to include the Kinmount area. Our aim is to enable the elderly and handicapped persons to remain independent in their homes for a longer period of time, to create in the community an awareness of the process of aging and the needs of the elderly. Meals on Wheels begins Monday, April 23 and will be delivered to your home on Monday, Wednesday, and Friday at noon at a cost of \$2 per hot meal. To arrange delivery, please call Ken Hyams at 488-2032. Meals to Meals begins Tuesday, May 8 and we're asking volunteers to bring a shut-in out for dinner. Time: 1:00 p.m. Place: Kinvale Restaurant. Cost: \$4 (includes an afternoon of cards and conversation). For a reservation please call 488-2032. Volunteers are needed to deliver meals and a gasoline subsidy is paid. If you are interested in assisting with any of these programs, please call Ken Hyams at 488-2032. He will be pleased to discuss how you could help. Watch this column each week for further information. We're here to help.

A number of robins have been spotted so things are looking up weatherwise.

Little Shyanne Lynn Maria entered this old world at Peterborough Civic Hospital on Saturday, March 24 at 11:42 p.m. and tipped the scales at 7 lbs., 8 oz., and 19 inches in length. Her proud parents are Cindy and Rick Watson and she has a big

brother Thomas. Happy grandparents in Kinmount are Joan and Ed Freeman. There are also a goodly group of aunts and uncles to spoil the new addition.

A double birthday party was celebrated at the home of Doreen and Cliff Duffy on Friday, March 30 in honour of David Duffy who turned 21 on March 30 and Walter Duffy who will be 79 on April 6. Happy birthday boys.

The greatest secret of success in life is for man to be ready when his opportunity comes.

Mary and John Pyke, Helen and Alex Graham spent a very pleasant day in Lindsay last Thursday.

Bill and Jason Moss spent their weekend in Toronto visiting Ontario Place while there.

The Kinmount Horticultural Society is now looking for new members. Give any member a call for more information. I can be reached at 488-2353.

Congratulations to Diane Swinson and Wayne Fountain who were married Friday, March 30 at 7:30 p.m. at St. James Anglican Church, Kinmount, by Father Brooks. The happy couple are residing in Kinmount.

Many of you girls will already know of the following recipe but for those of you who find you are involved in the making of Friendship Cakes these days, this may help you out. Friendship Cake: Day 1 - Stir daily, cover and leave on counter. Do not refrigerate. Days 2, 3, 4 - stir. Day 5 - Put into large bowl and add 1 cup flour, 1 cup sugar, 1 cup milk. Stir. Days 6, 7, 8, 9 - Stir. Day 10 - Add same ingredients as day 5. Stir, then take 3 cups of base and give to three friends with a copy of the directions. To remaining batter add: 1/2 cup oil, 3 eggs, 2 cups flour, 1 cup sugar, 1 and a half tsp. cinnamon, 2 tsp. baking powder, 1/2 tsp. salt, 1 1/2 tsp. baking soda, 2 tsp. vanilla. Beat until smooth and fold in any or all of the following: 1 cup chopped apple, 1 cup well drained crushed pineapple, 1 cup raisins, 1 cup chopped nuts, cherries. Bake in greased tube or bread pan for 1 hour at 350° F. Use any fruit you please. The best I've made so far, had 1 cup red maraschino cherries plus 1 cup green candied cherries, all cut up. I should have mentioned at the start of this recipe, this cake is made from the base you receive from a friend.

I have personally been very busy in making these cakes of late and now am in the process of making Friendship Bread which

takes 31 days to make. If any of you are interested I will probably have some base along about the end of April.

The tulips and crocus are beginning to show so hang in there folks, it won't be long now 'til you're out there raking up the winter's mess.

If you know of a house to rent please contact the Butler family at 286-3698.

Don't forget, if you have any ideas to help towards our Bicentennial - contact Guy Scott at 488-2737. Guy is also looking for volunteers to help in the big show, now in the

works, which will be for your pleasure later this year. All of the Bicentennial Committee are working hard and are hoping you will feel moved to help out. If you would like to show your crafts or even work at them during the show, please give Ken Hyams a call at 488-2032.

Stay well and happy, send a greeting to a shut in, read the Echo and remember - the only way to understand any woman is to love her - and then it isn't necessary to understand her.

Coboconk News

By SHEILA LAKE

Winners in the Seniors euchre for the last two weeks were as follows: March 20 - ladies' first, Annie Watson, 81; Norma Herbert, 72; lone hands, Norma Herbert, 5; consolation, Joan Bowins, 46; gents' first, Bruce Calhoun, 82; Donald Alguire, 80; lone hands, Donald Alguire, 4; consolation, Rae Brock, 45. March 27 - ladies' first, Ethel Farrow, 74; second, Audrey Thesh, 74; lone hands, Lulu Brentnell, 4; consolation, Viola Dixon, 47; gents' first, Bruce Calhoun, 79; Stan Stewart, 71; lone hands, Laurie Barkwell, 4; consolation, Weldon Neal, 49.

Bridge March 20: Joe Hefner, 4400; second, Rose Rochio, consolation, Ralph Brown, 1030. March 27 - first Vi Gange, 4950; second, Ralph Brown, 4020; consolation, Lily Smith, 1080.

A fire at the home of Joe Traviss this past week near Head Lake destroyed his home. He lost everything in the fire.

Mildred Faulkner is back home after a holiday in Florida. She made the trip

with daughter Linda and husband Jim Mohr of Lindsay.

Congratulations to newlyweds, Mr. and Mrs. Douglas Boyce who were married in Faith Tabernacle Church last Saturday. The bride, Heather, is the daughter of Thane and Teri Yeo and Doug is the son of Jim and Jean Boyce of Norland. The newlyweds will reside in Coboconk.

Mrs. Ruth Rutter and Garnet visited Wayne and Beryl Rutter and family at Wilberforce last Sunday.

Mary Limrick enjoyed a visit from several relatives from Quebec recently.

Mr. and Mrs. Harold Rutter and Mrs. Anderson, all of Scarborough, were recent visitors of Mrs. Ruth Rutter and Garnet.

Louie Marles of Peterborough, Mrs. Ada Fisher, Miss Evelyn Marles, and Walter Marles, all of Lindsay, visited Mrs. Annie Marles and celebrated her birthday with her last weekend.

Mr. and Mrs. Adam Carl of Sunderland were visitors of Ben and Ethel Farrow last week.

Agricultural News

Winter Cereals

When should nitrogen be applied? On most farms the nitrogen is applied after the snow has left and sometime from mid-March until late April, depending on the spring.

Research has shown very little difference in source of nitrogen, therefore, urea is usually the product of choice. Some farmers are using ammonium nitrate of liquid nitrogen (mainly 28%).

You should also consider mixing in some red clover seed to be topdressed on at

the same time. This red clover can be plowed down late in the fall or kept for a hay crop next year.

Crops planted late summer or early fall usually have different weed problems than spring planted crops. The fall crops will usually have winter annual weeds. These weeds germinate in the fall and flower in the spring - usually starting about the first week in May. Spraying for these weeds must be done before the flower buds appear.

Writers' Corner

dead.

Fair flowers are turning bright face to the sun, While the bees flit and dip of their nectar each one.

In that sad, forlorn place which was burned, and stark,

Again, sweetly sounds the song of the lark. Reintegrated are the trees that have been,

Absorbed, then renewed, and once again green. For thus it was, and forevermore is true,

There is cycle in nature, in forest, or you. We come and we go, but there is always a place

For you to return to the so-human race. And we cycle, and spiral, and upwards evolve

Towards the coming great day of a race built in love.

Jean A. Frazer
Gooderham

The Gull River

Our Gull River is a most beautiful thing. And to many people much pleasure it brings.

In summer when the weather is hot, We have a real great swimming spot.

We watch the boats go up and down, The people look happy with never a frown.

And when we want soft water to use, The good old river is what we choose.

We used to have spring river drives, But now without them our economy thrives.

And in the winter when the weather is cold, The trees and frost are a joy to behold.

Let us thank the Lord for the beauty he sends, Try not to pollute it but treat it like friends.

Florence Robinson
Minden, Ont.

Hypothesis (Webster's Dictionary)

"A system or theory, imagined or assumed, to account for what is NOT understood."

The first that came into being from what was is polarity. Polarity evolved positive and negative aspects. The negative aspect of polarity is materiality, which is the potential for energy with its resulting disintegration. (Matter is energy, energy is matter.)

The positive aspects of polarity are escalating stages of non-dimensioned ethereal consciousness leading to awareness of all that is -- THE SOURCE -- through wisdom. This demands that we know ourselves.

Humanity gravitated like water to the lower, negative aspects of polarity, much of which is trash materiality which, being energy potential, is synonymous with disintegration. This resulted in The Bomb, when legitimate, honourable deception became our moral standard in defiance of our simultaneously claiming personal responsibility for our actions.

As always, palatable pursuits have priority over knowing ourselves in defiance of ourselves.

Consciousness, positive, is ethereal; electricity, i.e. energy, is negative and ethereal in that

Guild News

By VIRGINIA MUENZEL

Beginning March 31, through April 28, the main Gallery of the Rails' End Gallery will be showing Paintings and Prints by Sheila Maki.

Sheila Maki is an expert technician; she uses a combination of media to create her images, resulting in fascinating blends of line and colour. Maki gives us abstract landscapes in which free-flowing islands of mixed hues and lines are highlighted by perfect, formal circles of pure colour.

The lines and circles so predominant in her work stem from the artist's love of mathematics rather than the organic.

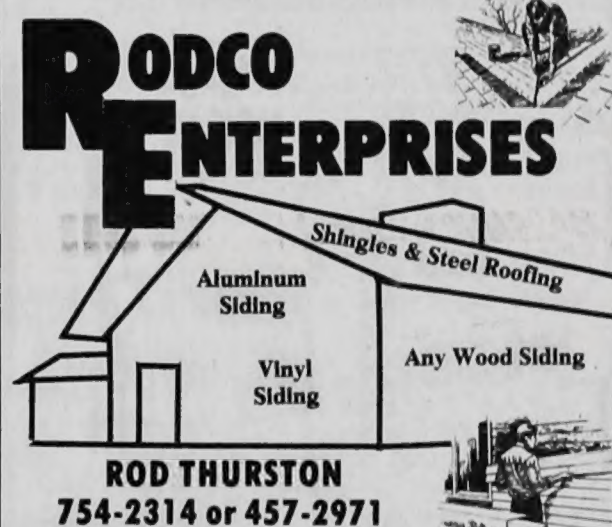

Sheila will be present at the Gallery on April 28 at 2:00 p.m. She will be showing slides of objects and places which are springboards for her creations.

Also on display in the Waiting Room Gallery, will be Seven Haliburton County Artists. Included, will be paintings, weavings, jewellery, leather and pottery by Deborah Bates, Michael and Susan Butz, Judith Chapman, Ellen James, Charles O'Neil, Barbara Peel, and Mary Wallace. We would like to recognize these special County Artists for their excellent workmanship and creative minds.

The artists will be on hand for the opening of the show on April 4 at 8:00 p.m. at the Gallery. Admission is by donation, and refreshments will be served.

In case you weren't one of the crowd in the full house at HHSS to see and hear the delightfully entertaining Tanglefoot concert, I must tell you it was one of the nicest ways to learn something of the history and folklore of early Canada. The music was foot-stomping good. The voices were beautiful. And the stories told in the best old-timer tradition.

Finally the winner of the St. Lucia draw is Mike Gardner of Toronto.

NEVER AGAIN WILL YOU HAVE TO PAY FOR YOUR INSURANCE WITH SLEEPLESS NIGHTS.

You don't need us to tell you that lump sum insurance payments can keep you awake with worry.

That's why The Dominion lets you pay your premium in twelve monthly instalments.

With our Ideal Monthly Payment Plan, you'll know how much your home or car insurance will cost each month and be able to budget accordingly.

FOR EXAMPLE IF YOUR ANNUAL PREMIUM IS...	YOUR MONTHLY PAYMENT WOULD BE...
\$240.	\$20.
\$480.	\$40.
\$720.	\$60.

We'd like to think that when you buy a policy from The Dominion, you'll never have to count sheep. Just your blessings.

ANNOUNCEMENT

Bill Payne, President of
BILL PAYNE REAL ESTATE LIMITED
today announced the Appointment of
BOB STINSON,

former manager of the Haliburton Highlands Chamber of Commerce, as a Sales Representative for the firm.

During the past eight years as Chamber manager, Bob gained an enviable reputation for his integrity and professional approach to business, which is most important in the Real Estate industry. Although he resigned from the position last summer, he has maintained his involvement in community affairs and the promotion of the Tourism industry in our county. He is presently serving as a director of Resorts Ontario and of the Haliburton Highlands Hospitality Training Committee and is a member of the executive of the Central Ontario Travel Association.

The knowledge Bob has gained, and the business contacts he has made over the years will prove to be a major asset to both himself and the firm.

death notice

AT REST at North Hastings District Hospital on March 12, 1984. **JASON DONALD TOWNSEND** in his 7th year.

Beloved son of Don and Elaine Townsend; dear brother of Jeremy of Cardiff; dear grandson of Bernard and Irma Storey of Bancroft and Lyman and Barbara Townsend of Wilberforce.

Resting at Wiggins Funeral Home, Bancroft for service at Bancroft Bible Chapel on March 15, 1984. Spring interment at Mount Pleasant Cemetery, Bancroft. 31-CA-4

in memoriam

TRUMBULL [Mabel] - In loving memory of my dear Mother, who went to be with the Lord April 5, 1980. My thoughts are with you. Though you have gone away, And those who love you Are thinking of you today. Sadly missed by daughter Blanche and Family. 32-P-4

STEWART, Joseph J. - In loving memory of a dear father who left me April 3, 1983. It is sad to walk the road alone instead of side by side. But to all comes a moment, When the ways of life divide. You gave me years of happiness, Then came sorrow and tears, But you left me beautiful memories To treasure through the years. Sadly missed by Eileen Maguire and family. 32-P-4

County Council minutes

County Council of the County of Haliburton met in the Council Chambers Wednesday, March 21, 1984 with Warden Lyle McKnight in the chair and all members in attendance.

The following matters were considered:

It was announced that representation from M.N.R. would discuss the Moose and Deer Hunting Seasons later in the agenda.

County Road Chairman W.G. Howe read a letter he had directed to both the Townships of Anson, Hindon and Minden and Reeve Murray Fearney of Dysart et al, outlining the proposed alternative method of reconstructing the Ingoldsby Bridge. The design would strengthen and expand on the existing structure, providing for two way traffic and removal of the load limit. This proposal was approved in principle by the Ministry of Transportation and Communications, and is expected to give the necessary service to Ingoldsby residents and at the same time protect the environment.

Reeve Fearney commended Chairman Howe on the excellent position taken and extensive work undertaken to develop the alternative proposal.

In reply to the letter sent

by Past Warden W.G. Howe to the Municipalities, just prior to the expiration of his term of office, three municipalities were in favour of contributing on a countywide basis to the purchase of a Mobile Radar Unit for the Minden Detachment of the Ontario Provincial Police, and seven Municipalities were opposed to using municipal funding for this purpose. Reeve Howe indicated he would be presenting a Notice of Motion relative to reporting action on this matter, but following discussion, advised that he would withdraw his Notice of Motion and present a resolution at this meeting.

Chairman G. Lewis reported on the Finance meetings of February 16 and March 21, from which approval of accounts as listed was recommended.

Accounts were approved in the amount of \$132,765.38 for the period January 18 to February 16, 1984, and in the amount of \$91,542.88 for the period February 17 to March 20, 1984 for a total of \$224,308.26.

Correspondence as requested by the Correspondence Committee was read by the Clerk.

The purchase of a Mobile Radar Unit for the Minden Detachment O.P.P. was re-

moved from County Council agenda resulting from seven negative and three affirmative replies that it should be purchased at a cost of \$250, per municipality. The clerk was to reply to the Detachment Commander of the Minden O.P.P. Sergeant Wm. Bailey informing him of the above.

A report came through to Council that the Province has now purchased that required Mobile Radar Unit for the O.P.P. Minden Detachment.

Dave Atkinson of the Ministry of Natural Resources made a presentation to Council as requested giving the position of the Ministry for separate Moose and Deer Seasons. Members of County Council pointed out some concerns particularly with dogs running deer prior to deer season. The Ministry will monitor the situation closely.

Tom Prentice, President of the Haliburton County Snowmobile Association, outlined the operations of the snowmobile association and problems encountered in endeavouring to groom 360 miles of trails - more than is feasible with the present three pieces of equipment which are worn out. The executive continued to work through the summer with fund raising events. Some of

the townships and service clubs gave the club financial assistance to survive this past season but some new equipment is required to carry on. By having groomed trails, snowmobilers, particularly the hundreds who come to the County on weekends, will use the trails rather than create a hazard on the roads.

County Engineer W.E. Obee presented the Annual Report of 1983 County Road Operations.

County Road Committee Chairman W.G. Howe gave the monthly road report and outlined the 1984 proposed construction programme.

Haliburton County Public Library Chairman W.G. Howe gave the monthly library report. Official opening of the new library in Bicoff will be June 9. Reports were received about the Haliburton County Library being one of the best library systems in Ontario.

Hyland Crest Committee of Management Chairman M. Fearney reported that a new call system has been installed from the Nursing Station to rooms and there have been improvements in the laundry.

Property Chairman H. Clark referred to Property Committee minutes of a meeting held recently when

both the Registry Office and County Office buildings were inspected. The Committee drew up a budget which provided for the necessary repairs and maintenance is listed.

Personnel Chairman N.R. Gambell reported that the Committee had met with the Bargaining Unit but with no settlement to date.

On behalf of Chamber of Commerce representatives N.R. Gambell and E. Stouffer, Deputy Reeve E. Stouffer reported on the Chamber of Commerce - appointment of the new Manager, Mrs. Emily Skinner, and attendance at the Sportsman Show where there was a line-up of people for the Haliburton Highlands booth and a demand for the Haliburton Trade Dollar Commemorative Coins.

The Forest Management Chairman E. Stouffer continued to encourage forest management which is considered to provide more jobs in the area than any other resource in the off-seasons. He referred to the immeasurable number of jobs which can be lost by cutting down a young sound tree. Whenever municipalities wish to protect their resources with a tree cutting by-law, the currently by-law may be amended to include them, and the by-law

specifies that administration is the responsibility of the individual municipality.

Health Unit representative K. Tallman reported that there had been 512 new installations for disposal systems in 1983. Other items relative to Health Unit were mentioned during correspondence items.

Children's Aid representative J. Franklin reported on the early production of the 1984 service plan.

Children's Services representative G. Lewis informed Council that the various seminars had been successful under the hard work and direction of staff member Deb McKittrick.

By-law 1262, a by-law for the purpose of regulating the hiring of trucks by the County of Haliburton Roads Department, was passed.

By-law 1263, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Anson, Hindon and Minden to close, stop up and convey part of the original allowance for road between Lot 15, Concession 12 and 13, Township of Minden, was passed.

By-law 1264, a by-law to consent to the passing of a by-law by the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton,

Havelock, Eyre and Clyde to close, stop up and convey part of the original allowance for road between Concession 12 and 13 in front of Lots 9 & 10, Township of Guilford, was passed.

The Management Committee served Notice of Motion that the number of members of County Council will be dealt with at the next regular meeting of County Council.

Cardiff council

from page 2

equipment time sheet was approved and is to be used effective March 8, 1984.

With reference to Lot 14, Con. XXI owned by Dolly McGrath, Council stated that they uphold the provisions of Sec. 5.13 of By-law 9-79 as amended and therefore deny a construction permit for a seasonal residence, and further indicated that they are not prepared to approve rezoning to Seasonal Residential.

Disbursement voucher no. 84-2, in the amount of \$20,149.55 was approved for payment.

Council donated \$50 to the North Hastings Music Festival Association.

The Municipality stated that it intends to spend \$88,600 for road maintenance and \$41,400 for road construction in 1984 based on subsidy of \$93,800 from the Ministry of Transportation

and Communications.

Cardiff requested a supplementary allocation of subsidy for 1984 to: apply double-prime and surface treatment on 1.6 kilometres of township road in Lot 21 Con. 7, Abrams Road in the amount of \$30,000.

Council requested supplementary subsidy from Ministry of Transportation and Communications based on road construction expenditures of \$3,800 in 1983 over the allotted \$9,100 received in 1983 as part of 1983 job creation project.

The clerk-treasurer was authorized to pay registration fee for J. Mahoney Road School for \$250 and to pay an expense advance of \$200 to Earl Covert.

The clerk-treasurer was authorized to attend the AMCTO spring workshop seminars on April 26 and 27, 1984 and to pay a registration fee of \$45.

SPRING COURSES 1984

New Course Ideas from The Community

Many of the interesting courses offered by the College are the results of suggestions from various members of the community. If you have an idea which is not currently reflected in our offerings we would like to hear from you.

Please Call 457-1680

The College Needs Instructors

If you have Special Skills in General Interest, Recreation, Hobbies and Leisure Activities, your specialty may reflect an interest of other adults in the community and could be presented as a course. You may also have professional or vocational skills which could be utilized in College Courses and Seminars for the business and professional community. If interested, Call Barb Bolin at 457-1680.

Register Early

It is advisable to Register as Early as possible. Waiting until the last minutes limits your choice of subjects and may cause you unnecessary disappointment. To be assured of a place in the class of your choice....

AN INTRODUCTION TO WORD PROCESSING
Sir Sandford Fleming's word processing workshop is designed to give students hands-on experience with full screen systems. Each system has a video screen, microprocessor, with access to a floppy disk, memory storage and electronic typewriter printer. Students will be introduced to the basic commands and techniques required for the manipulation and transmission of office information by text editing and preparation. The prerequisites for this workshop are that students have a basic working knowledge of the typewriter keyboard. IS LIMITED TO SIX STUDENTS, REGISTER EARLY TO AVOID DISAPPOINTMENT.
INSTRUCTOR: Wendy Gough
DATES: May 14 & 15
TIMES: 7:00 - 9:00 P.M.
LOCATION: Haliburton Highlands Secondary School
FEE: \$25.00

BASIC C.P.R.
The basic C.P.R. course is 12 hours in length. This is divided into a four hour lecture and eight hours for skills practice and testing. Participants will be taught single and two man rescuer C.P.R. along with resuscitation of children and infants and the rescue of conscious and unconscious choking victims. The Ontario Heart Foundation has identified target groups who are advised to take advantage of this program. These include physicians, nurses and other hospital workers having patient contact, police and firemen. This course is open to the general public. Groups or individuals involved with the public or high risk activities are also advised to participate in this program.
NOTE: Because of the strenuous nature of the practice session, participants should be in good health to participate in the program. Students who already have their Basic C.P.R. and wish to recertify, do not have to participate in the lecture but should register far enough in advance that practice time and testing can be arranged.
INSTRUCTOR: Shirley Rydman
DATES: Lecture - May 3
TIMES: 7:00 - 11:00 P.M.
LOCATION: Sir Sandford Fleming College, Haliburton Campus
FEE: \$12.00
DATES OF THE PRACTICAL SESSIONS THAT EACH STUDENT WILL HAVE TO ATTEND WILL BE ARRANGED WHEN STUDENTS REGISTER.

TENNIS
This course will provide an opportunity for the beginner to receive basic instruction, as well as people with experience a chance to improve their game. Students must provide their own racquets and balls.
INSTRUCTOR: Frank Wallace
HALIBURTON: Thursdays, May 10, 17, 24, 31, 7:00 - 9:00 P.M., Haliburton Tennis Courts
MINDEN: Saturdays, May 5, 12, 19, 26 10:00 - 12:00

A.M., Minden Tennis Courts
FEE: \$30.00 per student
Students, if the weather is poor, the dates of this course may vary. If it RAINS the class would be postponed and a make-up class added to the end of the session.

SWEDISH EMBROIDERY
This one day workshop will teach the embroidery techniques used by the Swedes on their clothing. This beautiful art has the appearance of appliqued lace when finished. Students will learn the technique using gingham fabric and crochet cotton. Kits will be available from the instructor, prices will vary from \$2 - \$6, depending on the project.
INSTRUCTOR: Ellen Fyfe
DATE: May 16
TIME: 10:00 A.M. - 4:00 P.M.
LOCATION: S.S.F.C. Haliburton Campus
FEE: \$10.00
